

NECK REAMER - FORSTER PRODUCTS, INC. 0.2665" INSIDE NECK REAMER

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Forster Inside Neck reamers are designed to remove excess brass from the inside of case neck walls. The Forster Neck Reamer is manufactured from high grade, wear-resistant tool steel and ground .0025" to .003" over the maximum bullet diameter. Constructed with a staggered tooth design so that brass is cut smoothly and without chatter. Neck reaming should only be performed after the cases have been fired with a full load and before the neck or full length sizing operation. Wall thickness can be measured with a tubing micrometer, but a simpler test for excess brass in the neck area is to slide a bullet into a fired, unsized case neck. If you feel interference, the neck should be reamed or outside neck turned.

Wildcat conversions using the .224" bullet with .2200" inside neck diameter and .243" bullet with .2390" inside neck diameter, Forster offers inside neck reamers for these sizes. Use after the CASE sizing operation.

Attributes

- Name: [FORSTER PRODUCTS, INC. 0.2665" INSIDE NECK REAMER](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749101728

NECK REAMER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Forster Inside Neck Reamer. This tool is designed to help you achieve precise case neck adjustments for improved ammunition performance. To ensure your safety and the proper use of this product, please read this safety instruction guide thoroughly.

General Safety Guidelines

- Always use the neck reamer in accordance with the manufacturer's instructions.
- Inspect the neck reamer before each use to ensure it is in good condition. Do not use if damaged.
- Keep the neck reamer out of reach of children and unauthorized users.
- Ensure that your workspace is clean and organized to prevent accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the neck reamer.
- Be aware of your surroundings and ensure that no one is in close proximity while you are using the tool.

Specific Safety Precautions for Use

- Use the neck reamer only on fired, unsized cases.
- Do not exceed the recommended reaming depth to avoid damaging the case.
- Avoid applying excessive force when reaming to prevent tool breakage or injury.
- Ensure that the reamer is securely held during use to prevent slippage.
- Do not attempt to modify or alter the neck reamer in any way.
- If you experience difficulty during operation, stop and reassess your technique or consult the manual.

Instructions for Installation and Usage

1. Preparation:

- Ensure the case is fired and unsized before starting the reaming process.
- Check the neck thickness using a tubing micrometer or a bullet test for excess brass.

2. Reaming Process:

- Secure the neck reamer in a suitable reloading press or hand tool.
- Insert the case neck into the reamer, ensuring it is properly aligned.
- Turn the reamer slowly and steadily, applying light pressure until the desired neck thickness is achieved.
- Periodically check the case neck to ensure you are not overreaming.
- Once finished, remove the case and clean any brass shavings from the reamer.

3. PostUse Care:

- Clean the neck reamer after each use to maintain its performance.
- Store the neck reamer in a dry, safe place away from children.

Disposal Instructions

- Dispose of any brass shavings and materials in accordance with local regulations.
- If the neck reamer is no longer usable, dispose of it responsibly as per your local waste management guidelines.

Contact Information for Further Support

For safety inquiries or further support regarding the Forster Inside Neck Reamer, please refer to the manufacturer's contact details provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the Forster Inside Neck Reamer. Always prioritize safety and adhere to the guidelines to protect yourself and others. Thank you for your attention and enjoy your reloading experience!
