

# SEATER DIES - REDDING SEATER DIE 338 RCM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for SEATER DIES REDDING SEATER DIE 338 RCM

## Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 338 RCM. This product is designed for precise bullet seating in reloading applications. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines to ensure safe usage.
- Ensure that the product is suitable for your specific reloading needs and compatible with your equipment.
- Store the die in a safe, dry place away from children and pets.
- Regularly inspect the die for signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use protective eyewear when operating reloading equipment.
- Keep hands and body clear of moving parts during operation.
- Do not overload the die beyond its specified capabilities.
- Ensure the die is securely mounted before use to prevent accidents.
- Avoid using the die in wet or damp conditions to prevent electrical hazards.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free of debris.
- Carefully screw the Redding Seating Die into the reloading press until it is securely in place.
- Adjust the die according to the manufacturer's specifications for your specific cartridge type.

### 2. Usage:

- Insert the bullet into the bullet guide of the die.
- Place the cartridge case in the reloading press.
- Operate the press to seat the bullet, ensuring that the die is functioning correctly.
- Inspect the seated bullet for proper alignment and depth.

## Disposal Instructions

- Dispose of any damaged or worn out dies in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, check for local recycling programs that accept metal products.

## Contact Information for Further Support

For any inquiries regarding safety or performance, please refer to the manufacturer's contact points provided with the product packaging or visit their official website for more details.

By following these guidelines, you will help ensure the safe and effective use of your SEATER DIES REDDING SEATER DIE 338 RCM. Thank you for prioritizing safety in your reloading practices.
