[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

Lyman Introduces a case trimming system for the reloader interested in economy or preferring to have an individual precision hand system for each caliber. The EZEE TRIM case trimming system allows the user to trim cases by hand or with a power attachment (included) to precise pre-set length. The trimmer comes with a case locking device, cutter, trim-to length pilot, cutterhead and both hand and power trimming adapters. The trimmer works with any standard shell holder including Lyman, redding, RCBS, Hornady and Lee Precision. Assembles in seconds and you are ready to trim cases. The EZEE-TRIM system comes in three practical variations. EZEE TRIM Rifle set- Includes hand trimmer, power adapter, cutter head and 5 most popular caliber pilots (.223, .243, .270, .30-06, .308) EZEE TRIM Handgun Set- Includes hand trimmer, power adapter, cutter head, and 6 most popular handgun caliber pilots (9mm, 38 Special, 357, 40 S&W, 44 Mag, .45ACP) EZEE TRIM Universal Set- Includes hand trimmer, power adapter, and cutter head. Just add the pilot for the caliber you wish to trim.

EZEE TRIMMER LYMAN "EZEE" TRIM RIFLE SET

Safety Instructions

Introduction

Thank you for choosing the EZEE TRIMMER LYMAN "EZEE" TRIM RIFLE SET. This manual provides essential safety instructions and guidelines to ensure the safe and effective use of your case trimming system. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided in this manual.
- Keep the product out of reach of children and individuals who may not be familiar with its operation.
- Always inspect the trimmer and its components for any signs of damage before use. Do not use if damaged.
- Use the product only for its intended purpose, as described in this manual.
- Wear appropriate safety gear, including safety glasses and gloves, while operating the trimmer.
- Store the product in a dry, cool place to prevent any deterioration of components.

Specific Safety Precautions for Use

- **Power Attachment:** When using the power attachment, ensure that it is securely connected to the trimmer and the power source.
- **Case Locking Device:** Always use the case locking device to secure the case during trimming to prevent accidents.
- **Cutter Safety:** Handle the cutter with care. The cutting edge is sharp and can cause injury. Always ensure the cutter is properly installed before use.
- **Trimming Length:** Do not attempt to trim cases beyond the recommended lengths specified for each caliber.
- **DistractionFree Environment:** Operate the trimmer in a quiet area free from distractions to maintain focus.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of accidents, including how to stop the power source quickly.

Instructions for Installation and Usage

1. Assembly:

- Unpack all components included in the EZEE TRIMMER set.
- Attach the cutter head to the trimmer body.
- Secure the power attachment if you plan to use it.
- Insert the appropriate caliber pilot into the cutter head.

2. Trimming Cases:

- Select the case you wish to trim and ensure it is clean and free from debris.
- Insert the case into the case locking device.
- If using the hand trimmer, grip the handle firmly and rotate the trimmer to trim the case to the desired length.
- If using the power attachment, turn on the power source and guide the case through the trimmer until the trimming process is complete.
- After trimming, remove the case and inspect it for any burrs or sharp edges.

3. PostUse Care:

- Clean the trimmer and its components after each use to maintain optimal performance.
- Store all components securely in their designated storage area.

Disposal Instructions

- Dispose of the EZEE TRIMMER and its components in accordance with local regulations.
- Do not dispose of electrical components in regular household waste. Check with local authorities for proper disposal methods.
