

222 REMINGTON BRASS - STARLINE 222 REMINGTON BRASS 500/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The .222 Remington was introduced in 1950 and quickly became the favorite caliber of many shooters and hunters. The "Triple Deuce" found a lot of success as a benchrest caliber due to its inherent accuracy and the small caliber/high velocity combination made it a great choice for all types of varmint hunting. While the .222 Remington has slipped in popularity to calibers such as the .223 Remington, it is still available from several rifle manufacturers and is just as capable of a cartridge as it ever was.

Attributes

- Name: [STARLINE 222 REMINGTON BRASS 500/BAG](#)
- Manufacturer: [STARLINE](#)
- Product no.: 749500018
- Mfr. No.: 3450500BAG
- Cartridge: 222 Remington
- Rounds: 500
- Quantity: 500

Item details

Made in USA

Safety Instruction Guide for 222 Remington Brass

Introduction

Thank you for choosing the 222 Remington Brass by Starline. This guide provides important safety instructions to ensure the safe use and handling of this product. Please read this document carefully before using the brass cartridges.

General Safety Guidelines

- Ensure that all users are familiar with safe handling practices for firearms and ammunition.
- Store the brass in a cool, dry place away from direct sunlight and moisture.
- Keep the brass out of reach of children and unauthorized users.
- Regularly inspect the brass for any signs of damage or wear before use.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Do not exceed the recommended load specifications for the .222 Remington caliber.
- Use only compatible firearms designed for the .222 Remington cartridge.
- Avoid using damaged or deformed brass, as it may lead to dangerous malfunctions.
- Ensure that the firearm is unloaded when not in use or when performing maintenance.

Instructions for Installation and Usage

- Before loading, ensure that the firearm is pointed in a safe direction.
- Carefully inspect the brass for cleanliness and integrity.
- Load the brass into the firearm according to the manufacturer's instructions.
- After firing, allow the firearm to cool before cleaning or inspecting.
- Dispose of spent brass responsibly, following local regulations regarding ammunition waste.

Disposal Instructions

- Dispose of used brass in accordance with local laws and regulations.
- Recycle brass whenever possible to minimize environmental impact.
- Do not discard brass in regular trash; use designated recycling facilities.

Contact Information for Further Support

For any inquiries or concerns regarding the safety or use of the 222 Remington Brass, please reach out to your local retailer or manufacturer. Ensure you have all relevant product details at hand to facilitate assistance.

Thank you for prioritizing safety and responsible handling of your 222 Remington Brass.
