

# 30-30 WINCHESTER BRASS - STARLINE 30-30 WINCHESTER BRASS CASE 500/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Introduced in early 1895 for the Winchester Model 1894 lever-action rifle, the .30-30 was the USA's first small-bore, sporting rifle cartridge designed for smokeless powder. Jacketed bullets for the .30-30 are .308 inches in nominal diameter. Cast lead bullets for the .30-30 are also popular and usually are .309 inches in diameter. The .30-30 is considered to be the "entry-class" for modern big-game hunting cartridges. While it is very effective on deer-sized and black bear-sized game, most commercial loadings are limited in effective range to about 200 yd for that purpose, except when using ballistic-tip ammunition. The cartridge is typically loaded with bullets weighing between 150 and 170 grains but lighter loads are possible. Bullets of up to 180 gr can be used, but the overall length restrictions of the lever-action rifles most commonly chambered for this round limit their usefulness.

## Attributes

- Name: [STARLINE 30-30 WINCHESTER BRASS CASE 500/BAG](#)
- Manufacturer: [STARLINE](#)
- Product no.: 749500020
- Mfr. No.: 2820500BAG
- Cartridge: 30-30 Winchester
- Rounds: 500
- Quantity: 500

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 3030 Winchester Brass Starline

## Introduction

Thank you for choosing the 3030 Winchester Brass Starline. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before use and keep it for future reference.

## General Safety Guidelines

- Always handle ammunition with care and respect.
- Store ammunition in a cool, dry place, away from children and unauthorized persons.
- Use appropriate eye and ear protection when handling or shooting firearms.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Regularly check for updates on product recalls or safety alerts.

## Specific Safety Precautions for Use

- Ensure that your firearm is designed for .3030 Winchester cartridges before use.
- Inspect cartridges for any signs of damage or defects before loading.
- Do not exceed the recommended load specifications for your firearm.
- Avoid using damaged or improperly stored ammunition.
- Keep your firearm pointed in a safe direction at all times when loading or unloading.

## Instructions for Installation and Usage

### 1. Loading the Ammunition:

- Open the action of your leveraction rifle.
- Carefully insert the .3030 Winchester brass into the magazine.
- Close the action securely before firing.

### 2. Firing the Ammunition:

- Ensure the firearm is pointed in a safe direction.
- Take aim at your target and check your surroundings for safety.
- Pull the trigger gently to fire the round.

### 3. Unloading the Ammunition:

- Open the action of your rifle to eject any live rounds.
- Remove all cartridges from the magazine.
- Always check the chamber to ensure it is empty before storing your firearm.

## Disposal Instructions

- Dispose of used cartridges in accordance with local regulations.
- Do not discard ammunition in regular household waste.
- Contact local authorities for guidance on proper disposal methods.

## Contact Information for Further Support

For safety inquiries or concerns regarding this product, please refer to the appropriate EU contact point in your region.

By following these guidelines, you can help ensure the safe use of the 3030 Winchester Brass Starline. Always prioritize safety and remain informed about best practices in ammunition handling.
