

# 308 WINCHESTER MATCH BRASS - STARLINE 308 WIN MATCH BRASS 500/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The .308 Match is our small primer version of the .308 Winchester case. Many competitive shooters prefer the consistent velocities produced by small rifle primers. Like all of our other small primer rifle cases, we utilize our standard .080" flash hole diameter, as we feel it gives better ignition with slower burning and harder to ignite powders, making it more user friendly than many of the small primer/small flash hole versions of this caliber\*. \*As with all types of cases this large with small primer pockets, it will require care in powder and primer selection in cooler temperatures to prevent hang fires. Single-based propellents are generally easier to ignite and a quality primer such as the Remington 7 1/2 BR are recommended.

## Attributes

- Name: [STARLINE 308 WIN MATCH BRASS 500/BAG](#)
- Manufacturer: [STARLINE](#)
- Product no.: 749500021
- Mfr. No.: 2490500BAG
- Cartridge: 308 Winchester
- Rounds: 500
- Quantity: 500

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 308 Winchester Match Brass

## Introduction

Thank you for choosing the 308 Winchester Match Brass by Starline. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the brass cases.

## General Safety Guidelines

- Product Safety:
  - Ensure safe handling and use of the 308 Winchester Match Brass.
  - Understand that this product is designed for reloading and should only be used by individuals familiar with reloading practices.
- Enhanced Recalls:
  - Stay informed about any recall notices related to this product.
  - If a recall is issued, follow the instructions provided for a remedy.
- Online Shopping:
  - If purchased online, ensure that the seller complies with safety requirements.
  - Verify that the product is genuine and not counterfeit.
- Special Consumer Focus:
  - Keep this product out of reach of children and vulnerable individuals.
  - Educate all users on safe handling practices.
- EU Contact Point:
  - For any safety inquiries, refer to the designated EU contact point for this product.
- Rapid Alerts:
  - Monitor the EU's Safety Gate platform for rapid updates on any unsafe products.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when handling reloading materials, including safety glasses and gloves.
- Ensure that your workspace is clean and free from clutter to prevent accidents.
- Inspect the brass cases before use for any signs of damage or defects.
- Use only recommended primers and powders suitable for the .308 Winchester caliber.
- Store the brass in a cool, dry place away from direct sunlight and moisture.
- Avoid using the brass in extreme temperature conditions to prevent hang fires.
- Keep a fire extinguisher nearby when reloading as a precaution.

## Instructions for Installation and Usage

## 1. Preparation:

- Gather all necessary equipment for reloading, including a reloading press, dies, powder, and primers.
- Ensure your workspace is organized and free from distractions.

## 2. Inspection:

- Before reloading, inspect each brass case for cracks, dents, or other defects.
- Discard any damaged cases.

## 3. Reloading Process:

- Follow the manufacturer's instructions for your specific reloading equipment.
- Use a consistent method for measuring powder and seating bullets to ensure uniformity.
- Ensure that the primer is seated correctly to avoid misfires.

## 4. Final Inspection:

- After reloading, inspect each cartridge for proper assembly.
- Check for any powder spills or irregularities before storing or using the loaded ammunition.

## 5. Usage:

- Only use the reloaded ammunition in firearms that are rated for .308 Winchester cartridges.
- Always follow safe shooting practices and local laws when using firearms.

## Disposal Instructions

- Dispose of any unused or damaged brass cases in accordance with local regulations.
- Do not dispose of brass cases in regular household waste.
- Check with local recycling facilities to see if they accept brass for recycling.

## Contact Information for Further Support

For any questions or concerns regarding the 308 Winchester Match Brass, please refer to the designated EU contact point for assistance. Ensure that you have the product details on hand when seeking support.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience with the 308 Winchester Match Brass. Always prioritize safety and stay informed about best practices in reloading.
