## **Fully Adjustable, Easy Installation; Rugged Aluminum Housing**

Fully Adjustable, Easy Installation; Rugged Aluminum Housing Adjustable trigger kit lets you select the weight of pull, let-off, and overtravel that best suit your style of shooting. Comfortable, .330" factory width, trigger shoe delivers excellent feel, vertical grooves give positive purchase. Housing is CNC machined from aluminum billet; provides greater internal clearance to reduce drag and produce a smooth felt pull. Available in four weight-of-pull ranges. Models for pre-2006 manufactured rifles retain the factory safety lever and bolt release. Fits Remington 700, 40X, and pre-2006 Model Seven rifles.

# CUSTOM TRIGGERS FOR REMINGTON 700 PRE2006 RIFLE BASIX LV1K CUSTOM TRIGGER SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the CUSTOM TRIGGERS FOR REMINGTON 700 PRE2006 RIFLE BASIX LV1K CUSTOM TRIGGER. This guide provides essential safety information, installation instructions, and usage guidelines to ensure optimal performance and safety. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your Remington 700, 40X, or Model Seven rifle before installation.
- Always treat firearms as if they are loaded, even when they are not.
- Keep the firearm pointed in a safe direction at all times.
- Store the trigger and firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the trigger and the firearm for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the CUSTOM TRIGGERS FOR REMINGTON 700 PRE2006 in compatible models (Remington 700, 40X, and Model Seven manufactured before 2006).
- Ensure the firearm is unloaded before installing or adjusting the trigger.
- Adjust the trigger weight only when the firearm is pointed in a safe direction.
- Do not exceed the recommended pull weight settings for your safety and the firearm's integrity.
- Ensure that the trigger is properly installed and secured before using the firearm.
- Use caution when handling the trigger; sharp edges may be present during installation.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and in a safe condition.
- Gather necessary tools for installation (e.g., screwdriver, Allen wrench).

### 2. Installation Steps

- Remove the existing trigger from the firearm according to the manufacturer's instructions.
- Carefully install the CUSTOM TRIGGERS FOR REMINGTON 700 by following these steps:
  - Align the trigger with the mounting points on the firearm.
  - Secure the trigger using the provided screws and ensure it is firmly attached.
  - Adjust the weight of pull, letoff, and overtravel to your preference using the adjustment screws.

### 3. PostInstallation Checks

- After installation, conduct a function test:
  - Ensure the trigger operates smoothly without excessive resistance.
  - Check that the safety lever and bolt release function correctly.

- Confirm that the trigger weight is set within the specified range (L1 1½ lb. to 3 lb.).

#### 4. Usage

- Familiarize yourself with the new trigger before engaging in live firing.
- Always maintain proper firearm safety practices during use.
- Regularly check the trigger for any signs of wear or malfunction.

## Disposal Instructions

- Dispose of the packaging materials in accordance with local waste disposal regulations.
- If the trigger is no longer in use or is damaged beyond repair, consult local guidelines for the disposal of firearms accessories.

## Contact Information for Further Support
