

# SHOTGUN GUN NUT II ADJUSTABLE STOCK ANCHOR - JONES GUN NUT II ADJUSTABLE STOCK ANCHOR SILVER STEEL

[Shotgun Parts](#) > [Stock & Forend Parts](#) > [Buttstock Hardware](#) > [Stock Screws](#)

## Lets You Customize Your Gun's Length To The Situation

Unique, buttstock anchor lets you quickly adjust length for different shooters or when weather requires you wear thicker, or lighter, gear. Length adjusts by adding, removing, or switching spacers and recoil pads that accept 8-32 screws. Steel-to-steel thread attachment helps keep pad from coming loose. Easy installation requires you to drill a ¼" x 1¼" hole in the end of the buttstock and screw the anchor into the wood with the supplied Allen wrench. Spacers and recoil pads not included.

# SHOTGUN GUN NUT II ADJUSTABLE STOCK ANCHOR Safety Instructions

## Introduction

Thank you for purchasing the SHOTGUN GUN NUT II ADJUSTABLE STOCK ANCHOR by JONES. This product is designed to enhance your shooting experience by allowing for quick adjustments to the length of your buttstock. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Always follow local laws and regulations regarding firearm accessories.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to the buttstock anchor becoming loose during use.
- Using incorrect screws or spacers may compromise the integrity of the installation.
- Failure to follow installation instructions may result in injury or damage.

### • Avoiding Hazards:

- Always use the supplied Allen wrench for installation.
- Ensure that the ¼" x 1¼" hole is properly drilled and free of debris before installation.
- Do not exceed the recommended specifications for screws and spacers.
- Be cautious when making adjustments to the length of the buttstock to avoid pinching fingers or causing injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather the necessary tools: a drill, a ¼" drill bit, and the supplied Allen wrench.
- Ensure you have a clean workspace.

### 2. Drilling the Hole:

- Measure and mark the location where you will drill the hole at the end of the buttstock.
- Drill a ¼" x 1¼" hole, ensuring it is straight and clean.

### 3. Installing the Anchor:

- Take the adjustable stock anchor and align it with the drilled hole.
- Use the supplied Allen wrench to screw the anchor into the wood securely.
- Ensure the anchor is tight to prevent it from coming loose during use.

### 4. Adjusting the Length:

- To adjust the length, add, remove, or switch spacers and recoil pads that accept 832 screws.
- Make sure all components are securely fastened after adjustments.

#### **5. PostInstallation Check:**

- Inspect the installation to ensure everything is secure.
- Test the adjustments to confirm they hold under normal use conditions.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product reaches the end of its life, dispose of it in a way that complies with environmental regulations.
- Do not dispose of the product in household waste. Instead, consider recycling where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the SHOTGUN GUN NUT II ADJUSTABLE STOCK ANCHOR, please refer to the product packaging or visit the manufacturer's website for additional support and information.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience responsibly!
