BORE CLEANER REMINGTON BORE CLEANER, 4 OZ

Safety Instruction Guide

Introduction

Thank you for choosing the Remington Bore Cleaner. This product is designed to effectively clean gun bores using natural abrasives, ensuring a sparkling clean without damaging the surface. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

To ensure your safety and the safe use of this product, please follow these guidelines:

- Always read the label and product information before use.
- Keep out of reach of children and pets.
- Avoid contact with eyes and skin. If contact occurs, rinse thoroughly with water.
- Use in a wellventilated area to avoid inhalation of fumes.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of the product and its container responsibly according to local regulations.

Specific Safety Precautions for Use

When using the Remington Bore Cleaner, please adhere to the following precautions:

- Ensure that the firearm is unloaded before applying the cleaner.
- Test the product on a small, inconspicuous area of the bore before full application to ensure compatibility.
- Apply the cleaner only as directed. Avoid excessive application.
- Do not mix with other cleaning agents or chemicals.
- Use protective gloves if you have sensitive skin or are prone to allergic reactions.

Instructions for Installation and Usage

Follow these steps for proper use of the Remington Bore Cleaner:

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary materials: Remington Bore Cleaner, cleaning rod, patches, and protective gloves.

2. Application:

- Open the squeeze bottle and apply a small amount of the cleaner onto a cleaning patch.
- Insert the cleaning rod with the patch into the bore and scrub gently to remove fouling.
- Use a backandforth motion to ensure even coverage.

3. Cleaning:

- After scrubbing, allow the cleaner to sit for a few minutes to maximize effectiveness.
- Remove the patch and inspect the bore. Repeat the process if necessary until the bore is clean.

4. Final Steps:

- Once cleaning is complete, run a dry patch through the bore to remove any residual cleaner.
- Dispose of used patches and any remaining cleaner in accordance with local regulations.

Disposal Instructions

To dispose of the Remington Bore Cleaner and its container:

- Follow local regulations regarding hazardous waste disposal.
- Do not pour the product down the drain or dispose of it in regular household waste.
- Ensure that the container is empty and recycle it if possible.

Contact Information for Further Support

For any questions or concerns regarding the use of Remington Bore Cleaner, please refer to the product packaging for contact details or consult the official Remington website.

By following these guidelines, you can ensure a safe and effective cleaning experience with the Remington Bore Cleaner. Thank you for your attention to safety and responsible product use.
