# Safety Instruction Guide for 1911 Hammer STI Squared Tool Steel Hammer

## Introduction

Thank you for choosing the 1911 Hammer STI Squared Tool Steel Hammer. This product is designed for use in custom trigger jobs for various 1911 models, including Government, Commander, and Officers. To ensure your safety and the proper functioning of the hammer, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the hammer is installed by a qualified gunsmith or experienced individual.
- Always handle firearms and firearm components with care and respect.
- Store the hammer in a secure location, away from children and unauthorized users.
- Regularly inspect the hammer for signs of wear or damage before installation.
- Use personal protective equipment (PPE) such as safety glasses when working with tools and firearms.

## Specific Safety Precautions for Use

- **Potential Hazards:** The installation and use of this hammer may pose risks, including accidental discharge of the firearm and injury from improper handling.
- **Avoiding Hazards:**
  - Always ensure the firearm is unloaded before installing or working on any component.
  - Do not modify the hammer beyond the intended use as specified by the manufacturer.
  - Do not use the hammer if it shows signs of damage or excessive wear.
  - Keep fingers away from the trigger area until ready to fire.
  - Follow all local laws and regulations regarding firearm modifications.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools including screwdrivers, punches, and a vise.
- Ensure your workspace is clean and organized.

### 2. Installation:

- Ensure the firearm is completely unloaded.
- Remove the old hammer from the firearm according to the manufacturer's instructions.
- Align the new STI Squared Tool Steel Hammer with the hammer hooks and install it securely.
- Check that the hammer moves freely and does not bind.
- Reassemble the firearm according to the manufacturer's instructions.

### 3. Usage:

- After installation, conduct a function check to ensure proper operation.
- Always follow safe firearm handling practices when using the firearm.
- Regularly maintain the hammer and other components to ensure optimal performance.

## Disposal Instructions

- Dispose of any damaged or worn hammers in accordance with local regulations.
- Do not throw away the hammer in regular trash if it is still functional; consider recycling or proper

disposal methods for metal components.

## Contact Information for Further Support

For any questions or concerns regarding the 1911 Hammer STI Squared Tool Steel Hammer, please contact the manufacturer or your local dealer for assistance. Ensure to have your product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with your new hammer. Always prioritize safety and adhere to local laws and regulations. Thank you for your attention to these guidelines.
