

# REMINGTON 870/1100/11-87 EXTENDED MAGAZINE TUBE - SCATTERGUN TECHNOLOGY REMINGTON 870/1100/11-87 EXT MAG TUBE, FRONT QD STUD, 2 RDS

[Shotgun Parts](#) > [Magazine Tube Parts](#) > [Magazine Tube Extensions](#)

## Adds One Or Two Additional Rounds To Your Remington Shotgun

Machined steel magazine extensions increase capacity without gunsmithing or permanent alterations to your Remington 870, 1100 or 11-87 shotgun. Knurled, threaded collar screws onto the end of the mag tube. Includes high-performance, extended length magazine spring and an unbreakable, high-visibility, nylon follower. Loop models features a stationary loop on the left side of the extension to accept direct attachment of tactical-style slings without swivels. QD stud models include a quick-detach, swivel stud mounted either in the center of the magazine cap or at the front of a plate below the extension to accept slings with quick-detach swivels. All models fit 12 gauge only.

# Safety Instruction Guide for REMINGTON 870/1100/1187 Extended Magazine Tube

## Introduction

Thank you for choosing the REMINGTON 870/1100/1187 Extended Magazine Tube from SCATTERGUN TECHNOLOGY. This product is designed to enhance the capacity of your shotgun while ensuring safety and performance. Please read this safety instruction guide carefully before using the product. It is important to follow these guidelines to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms with care and follow the basic rules of firearm safety.
- Ensure that the product is compatible with your shotgun model (Remington 870, 1100, or 1187) and gauge (12 gauge only).
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the magazine tube for any signs of wear, damage, or malfunction.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Verify that the shotgun is unloaded before installing or handling the magazine tube.
- Do not exceed the recommended capacity of the magazine tube (2 rounds).
- Use only highquality, compatible ammunition with your shotgun.
- Avoid using the magazine tube in adverse weather conditions that may affect performance.
- Ensure that the magazine tube is securely installed before use to prevent accidental detachment.
- Do not modify or alter the magazine tube in any way that could compromise its safety or performance.

## Instructions for Installation and Usage

### 1. Installation:

- Make sure your shotgun is completely unloaded.
- Remove the existing magazine cap from your shotgun.
- Align the knurled, threaded collar of the magazine extension with the end of the magazine tube.
- Screw the collar onto the magazine tube until it is secure. Ensure that it is tightly fitted to prevent any movement during use.
- If applicable, attach the quickdetach swivel stud to the designated location on the magazine cap or plate.

### 2. Usage:

- Load the magazine tube with up to 2 rounds of compatible ammunition.
- Ensure that the nylon follower is properly positioned within the magazine tube.
- Test the operation of the magazine by cycling the action of the shotgun without live ammunition.
- Always follow safe firearm handling practices when using your shotgun.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm accessories and metal waste.

- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the REMINGTON 870/1100/1187 Extended Magazine Tube, please refer to the manufacturer's website or your point of purchase for assistance.

By following these safety instructions, you can ensure the safe and effective use of your REMINGTON 870/1100/1187 Extended Magazine Tube. Thank you for prioritizing safety and compliance.
