# Safety Instruction Guide for Springfield M14 Muzzle Brake and Stabilizer

## Introduction

Thank you for choosing the Springfield M14 Muzzle Brake and Stabilizer. This product is designed to enhance your shooting experience by reducing recoil and muzzle rise. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read this guide carefully.

## General Safety Guidelines

- Always handle firearms and accessories with care.
- Ensure that the product is used only with compatible firearms.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear and damage before use.
- Follow all local laws and regulations regarding firearm accessories.
- Report any unsafe products or incidents to local authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the muzzle brake/stabilizer only as intended and described in this guide.
- Do not modify the muzzle brake/stabilizer in any way.
- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is unloaded before installing or removing the muzzle brake/stabilizer.
- Avoid using the product in wet or damp conditions to prevent corrosion.
- If you experience unusual recoil or performance issues, stop using the product immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools: muzzle brake/stabilizer, hex wrenches, and castle nut pliers.

#### 2. Removing the Existing Flash Suppressor

- Use the appropriate hex wrench to loosen and remove the existing flash suppressor from the muzzle of your firearm.
- Be cautious of any debris or fouling that may be present.

#### 3. Installing the Muzzle Brake/Stabilizer

- Align the muzzle brake/stabilizer with the threads of the firearm.
- Handtighten the muzzle brake/stabilizer onto the threads.
- Use the hex wrenches to securely tighten the muzzle brake/stabilizer, ensuring it is properly seated.

#### 4. Final Inspection

- Check that the muzzle brake/stabilizer is secure and correctly aligned.

- Perform a visual inspection to ensure there are no obstructions in the muzzle.

## Usage

- After installation, test the firearm in a controlled environment.
- Monitor the performance of the muzzle brake/stabilizer during use.
- If any issues arise, discontinue use and seek professional assistance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, do not throw it in regular trash.
- Contact local waste management services for proper disposal options.

## Contact Information for Further Support

For further support, please refer to the manufacturer's contact details provided on the packaging or product documentation. Ensure you have the product details ready for any inquiries.

By following these guidelines, you can ensure the safe and effective use of your Springfield M14 Muzzle Brake and Stabilizer. Thank you for prioritizing safety in your shooting activities.
