[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

Same as the mags that came with your pistol, these stainless steel 9mm and .45 ACP magazines resist wear and corrosion for extra-long service life.

Molded polymer follower with integrated steel plate reliably raises the slide lock into position after the last round is fired. Base plate removes for cleaning. 9mm 9-round and .45 ACP 7-round models include polymer sleeves that match both backstraps that came with your pistol.
