Safety Instruction Guide for CERAMIC BENCH STONES SPYDERCO MEDIUM CERAMIC STONE

Introduction

Thank you for choosing the Spyderco Medium Ceramic Stone. This product is designed for effective sharpening and honing of blades while ensuring safe use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always use the product in accordance with the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any signs of damage before use. Do not use if damaged.
- Ensure that your work area is clean and free of any hazards that could lead to accidents.
- Use only water as a lubricant, as honing oil can pose safety risks and create a mess.
- Clean the stone with soap and water after each use to maintain its effectiveness and safety.
- Report any unsafe product conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Handle the ceramic stone with care to prevent breakage.
- Use the stone only for its intended purpose—sharpening and honing blades.
- Avoid applying excessive pressure while sharpening to prevent accidents or damaging the stone.
- Always keep your fingers and hands away from the blade edge while sharpening.
- If you are inexperienced in using sharpening stones, consider seeking guidance or training from a knowledgeable individual.

Instructions for Installation and Usage

1. Preparation:

- Ensure the work surface is stable and level.
- Gather necessary materials: the ceramic stone, water, and the blade you wish to sharpen.

2. Lubrication:

- Pour a small amount of water onto the ceramic stone. This will act as a lubricant during the sharpening process.

3. Sharpening Process:

- Hold the blade at the appropriate angle (typically between 15 to 20 degrees).
- Gently glide the blade across the surface of the stone, applying light pressure.
- Use consistent strokes, alternating sides of the blade to maintain an even edge.
- Rinse the stone with water periodically to remove any metal shavings and ensure optimal performance.

4. Cleaning:

- After sharpening, clean the ceramic stone with warm, soapy water.
- Rinse thoroughly and allow it to air dry completely before storing.

5. Storage:

- Store the ceramic stone in a dry place, away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the product according to local regulations.
- If the ceramic stone is damaged beyond use, check with local waste disposal authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Spyderco Medium Ceramic Stone!
