

# SHAPED CERAMIC STONES - SPYDERCO ROUND CERAMIC STONE

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Stones](#)

## Sharp Edges, Easy Cleaning

Ceramics cut beautifully and uniformly using water (not messy oil) as the lubricant; they're resistant to shatter and breakage and literally last a lifetime. Cleanup consists only of washing with detergent and warm water to restore the original clean, white cutting surface. The cut is rated smooth and you can cut Hard Arkansas with these Ceramic files. After a bit of use and a few washings, the cut will become even finer.

## Attributes

# Safety Instruction Guide for SHAPED CERAMIC STONES SPYDERCO ROUND CERAMIC STONE

## Introduction

Thank you for choosing the SHAPED CERAMIC STONES SPYDERCO ROUND CERAMIC STONE. This guide provides essential safety instructions to ensure your safe and effective use of this product. Please read this guide carefully before using the ceramic stones.

## General Safety Guidelines

- Ensure safe handling and use of the ceramic stones to prevent injuries.
- Always supervise children when using or handling the product.
- Use the ceramic stones only for their intended purpose as specified.
- Avoid using the ceramic stones on materials that could damage them or lead to unsafe conditions.
- Regularly inspect the ceramic stones for any signs of damage or wear before use.
- Keep the ceramic stones out of reach of children and pets when not in use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Avoid direct contact with the cutting edge** to prevent cuts or injuries.
- **Use protective gloves** if you have sensitive skin or are prone to cuts.
- **Do not use the ceramic stones if they are chipped or broken**; replace them immediately.
- **Store the ceramic stones in a safe location** to prevent accidental damage or injury.
- **Do not immerse the ceramic stones in oil or other lubricants**; use water for lubrication only.
- **Ensure a stable work surface** when using the ceramic stones to prevent slips or accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Wash the ceramic stones with warm water and detergent before first use to remove any manufacturing residues.
- Rinse thoroughly and dry with a soft cloth.

### 2. Using the Ceramic Stones:

- Apply water as a lubricant on the surface to be cut.
- Hold the ceramic stone securely and apply light pressure while cutting.
- Use smooth, even strokes for best results.
- Clean the ceramic stones after each use by washing with warm water and detergent.

### 3. Maintenance:

- After repeated use, the cutting surface may become finer. Regular cleaning will help maintain performance.
- Store the ceramic stones in a protective case or pouch to prevent damage.

## Disposal Instructions

- Dispose of the ceramic stones in accordance with local regulations.
- If the ceramic stones are damaged beyond use, ensure they are wrapped securely to prevent injury.

during disposal.

- Do not dispose of the ceramic stones in regular household waste; check if there are any special disposal instructions in your area.

## **Contact Information for Further Support**

For safety inquiries or further support, please contact your local distributor or retailer. Ensure you have the product details at hand when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with your SHAPED CERAMIC STONES SPYDERCO ROUND CERAMIC STONE. Thank you for your attention to these guidelines.
