Safety Instruction Guide for the SHANK POINT REPLACEMENT TIP FOR 18A & 18AA CENTER PUNCH

Introduction

Thank you for choosing the Shank Point Replacement Tip for 18A & 18AA Center Punch. This guide provides essential safety instructions and information to ensure the safe use of this tool. Please read all sections carefully before using the product.

General Safety Guidelines

- Always use the Shank Point Replacement Tip in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Ensure you are working in a welllit and stable environment.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the tool.
- Be aware of your surroundings and keep bystanders at a safe distance while using the tool.

Specific Safety Precautions for Use

- **Impact Strength Adjustment:** Ensure that the impact strength is adjusted to suit the material you are working with. A stronger impact may cause excessive force, leading to potential injury or damage.
- **OneHanded Operation:** Utilize the onehanded operation feature correctly, keeping your other hand clear of the striking area to avoid injury.
- **Secure Workpiece:** Always secure the workpiece before using the punch to prevent slipping or movement during operation.
- **Avoid Contact with Eyes:** Do not point the punch towards your face or the face of others to avoid eye injuries from potential debris.
- **Do Not Alter the Tool:** Do not modify or attempt to repair the Shank Point Replacement Tip. Any alterations may compromise safety and effectiveness.

Instructions for Installation and Usage

1. Preparation:

- Ensure the workpiece is clean and free from debris.
- Adjust the impact strength by turning the adjusting cap on the punch to the desired level.

2. Positioning:

- Hold the punch by the knurled body for a secure grip.
- Position the punch tip on the desired location of the workpiece.

3. Using the Tool:

- With one hand, press down on the punch until the spring mechanism is engaged.
- Release the pressure to allow the punch to strike the workpiece.
- Repeat as necessary to achieve the desired indentation.

4. PostUse:

- Clean the punch after use to remove any debris.
- Store the punch in a safe place, away from children and moisture.

Disposal Instructions

- Dispose of the Shank Point Replacement Tip responsibly.
- If the tool is damaged beyond repair, consider recycling metal components where possible.
- Follow local regulations for disposal of tools and materials.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Shank Point Replacement Tip for 18A & 18AA Center Punch, please reach out to your local distributor or refer to the manufacturer's website for support.

Thank you for your attention to these safety guidelines. Your safety is our priority.
