

FINALFINISH™ SYSTEM - DAVID TUBB 6.5MM (0.264") FINALFINISH BULLET KIT

[Gunsmith Tools](#) > [Rifle Tools](#) > [Receiver Tools](#)

Polishes Bore, Reduces Fouling, Gives Easier Cleaning

Abrasive coated bullets provide effective polishing to remove tool marks, rough areas and high spots in bore and throat. Eliminates the primary cause of lead and copper fouling and makes bore cleaning easier and less time consuming. Long, match type, jacketed bullets provide maximum bearing surface for efficient polishing action. Every caliber kit includes 10 bullets each, in five grades of compound to progressively smooth and polish bore.

Attributes

- Name: [DAVID TUBB 6.5MM \(0.264"\) FINALFINISH BULLET KIT](#)
- Manufacturer: [DAVID TUBB](#)
- Product no.: 840000004
- Mfr. No.: FF264
- Weapon type: Universal Rifles
- Delivery weight: 0.544kg
- Shipping height: 28mm
- Shipping width: 99mm
- Shipping length: 163mm

FINALFINISH™ SYSTEM DAVID TUBB 6.5MM (0.264") FINALFINISH BULLET KIT Safety Instructions

Introduction

Thank you for choosing the FINALFINISH™ SYSTEM DAVID TUBB 6.5MM (0.264") FINALFINISH BULLET KIT. This product is designed to provide effective polishing of firearm bores, enhancing performance while ensuring safe usage. Please read this safety instruction guide carefully to ensure proper handling and use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the kit out of reach of children and vulnerable individuals.
- Always wear appropriate eye protection when using this product.
- Inspect the bullets and storage box regularly for any signs of damage or wear.
- Do not use the product if any components are damaged or missing.
- Follow all instructions provided to avoid accidents and injuries.

Specific Safety Precautions for Use

- **Handling Bullets:**
 - Always handle bullets with care to avoid accidental injury.
 - Do not touch the abrasive coated surface with bare hands.
- **Polishing Process:**
 - Use in a wellventilated area to avoid inhalation of dust or particles.
 - Avoid direct contact with skin; wear gloves if necessary.
- **Storage:**
 - Store the bullet kit in a cool, dry place away from direct sunlight.
 - Ensure the storage box is securely closed when not in use.
- **Disposal:**
 - Dispose of used bullets and materials in accordance with local regulations.
 - Do not discard in regular household waste.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure a clean workspace.
- Review the instructions before starting the polishing process.

2. Selecting Bullets:

- Choose the appropriate grade of compound based on the condition of your bore.
- Each caliber kit includes 10 bullets in five grades of compound.

3. Using the Bullets:

- Insert the bullet into the bore and follow the manufacturer's guidelines for polishing.
- Use a consistent motion to ensure even polishing.
- Monitor the progress regularly to avoid overpolishing.

4. Cleaning Up:

- After polishing, clean the bore thoroughly to remove any residue.
- Store unused bullets back in the plastic storage box.

Disposal Instructions

- Follow local regulations for the disposal of used bullets and abrasives.
- For safe disposal, consider contacting a local waste management facility for guidance.
- Ensure that all materials are disposed of responsibly to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the FINALFINISH™ SYSTEM DAVID TUBB 6.5MM (0.264") FINALFINISH BULLET KIT, please reach out to the designated support channels provided by the manufacturer.

Conclusion

By following these safety instructions, you can ensure a safe and effective polishing experience with the FINALFINISH™ SYSTEM DAVID TUBB 6.5MM (0.264") FINALFINISH BULLET KIT. Always prioritize safety and proper usage to achieve the best results. Thank you for your attention to these guidelines.
