

FINALFINISH™ SYSTEM - DAVID TUBB 7MM (0.284") FINALFINISH BULLET KIT

[Gunsmith Tools](#) > [Rifle Tools](#) > [Receiver Tools](#)

Polishes Bore, Reduces Fouling, Gives Easier Cleaning

Abrasive coated bullets provide effective polishing to remove tool marks, rough areas and high spots in bore and throat. Eliminates the primary cause of lead and copper fouling and makes bore cleaning easier and less time consuming. Long, match type, jacketed bullets provide maximum bearing surface for efficient polishing action. Every caliber kit includes 10 bullets each, in five grades of compound to progressively smooth and polish bore.

Attributes

- Name: [DAVID TUBB 7MM \(0.284"\) FINALFINISH BULLET KIT](#)
- Manufacturer: [DAVID TUBB](#)
- Product no.: 840000006
- Mfr. No.: FF284
- Weapon type: Universal Rifles
- Delivery weight: 0.567kg
- Shipping height: 28mm
- Shipping width: 97mm
- Shipping length: 160mm

FINALFINISH™ SYSTEM DAVID TUBB 7MM (0.284") FINALFINISH BULLET KIT Safety Instruction Guide

Introduction

Thank you for choosing the FINALFINISH™ SYSTEM DAVID TUBB 7MM (0.284") FINALFINISH BULLET KIT. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Ensure the product is used in accordance with all local laws and regulations.
- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling the bullets and compounds.
- Keep the product out of reach of children and pets.
- Do not use the product for any purpose other than its intended use.
- In case of an accident or injury, seek medical attention immediately.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Inhalation of dust from the abrasive compounds may cause respiratory irritation.
- Skin contact with the abrasive compounds may cause irritation or allergic reactions.
- Improper handling of bullets may lead to injury.

• To Avoid Hazards:

- Use the product in a wellventilated area to minimize inhalation risks.
- Avoid direct skin contact with the abrasive compounds; use gloves when handling.
- Store the bullets and compounds in a secure location to prevent unauthorized access.
- Follow all instructions regarding the use of the product to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have a clean and wellventilated workspace.
- Gather all necessary materials, including the bullet kit, cleaning supplies, and PPE.

2. Using the Bullets:

- Select the appropriate grade of compound for the level of polishing required.
- Insert the abrasive coated bullet into the bore of the firearm.
- Follow the specific instructions for your firearm to ensure proper use of the bullet kit.

3. Polishing Process:

- Apply the appropriate pressure while using the bullets to achieve effective polishing.
- Rotate the bullet gently to ensure even polishing across the bore and throat.
- After use, remove the bullet and clean the firearm as per the manufacturer's instructions.

4. PostUse Care:

- Clean any remaining abrasive compounds from the bore and throat of the firearm.
- Store the bullets and compounds in the provided plastic storage box to protect them from damage.

Disposal Instructions

- Dispose of any unused or expired abrasive compounds in accordance with local regulations for hazardous waste.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions regarding the FINALFINISH™ SYSTEM DAVID TUBB 7MM (0.284") FINALFINISH BULLET KIT, please refer to the product packaging for the EUbased contact information or consult the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the FINALFINISH™ SYSTEM.
