

# REMINGTON 700 SPEEDLOCK DUO SPRING SETS - DAVID TUBB

## REMINGTON 700 LONG ACTION DUO SPRING SET

[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pin Springs](#)

The same chrome silicon firing pin springs used in the Speedlock kits above. Keeps easy bolt lift and trigger pull of a factory weight spring, with the improved ignition performance of an extra-power spring. Provides consistent, repeatable performance over thousands of compression cycles. Remington 700 Short & Long Action Springs feature DUO Spring Sets, two opposite facing springs to improve performance.

# Safety Instruction Guide for REMINGTON 700 SPEEDLOCK DUO SPRING SETS

## Introduction

Thank you for choosing the REMINGTON 700 SPEEDLOCK DUO SPRING SETS by DAVID TUBB. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of the product. Please read this document carefully before usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Always keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damages before use. If damaged, do not use the product.
- Follow all local laws and regulations regarding the use of firearm accessories.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Report any unsafe product incidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the REMINGTON 700 SPEEDLOCK DUO SPRING SETS with compatible Remington 700 models.
- Ensure that the firearm is unloaded before installing or handling the spring set.
- Wear appropriate safety gear, including safety glasses and gloves, during installation.
- Avoid placing fingers near the spring mechanism during installation and operation.
- Do not modify the springs or use them in a way that is not specified by the manufacturer.
- Be aware of the increased power of the springs, which may affect the firearm's operation and handling.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a screwdriver and any specific tools recommended by the manufacturer.

### 2. Installation:

- Remove the bolt from the Remington 700 by following the manufacturer's instructions.
- Carefully remove the existing firing pin springs.
- Install the new DUO Spring Sets by placing the springs in their designated positions, ensuring they are oriented correctly.
- Reassemble the bolt and ensure that all components are securely fastened.

### 3. Testing:

- After installation, conduct a function check to ensure the firearm operates correctly with the new springs.
- Test the bolt lift and trigger pull to confirm they are within factory specifications.

### 4. Usage:

- Always follow safe firearm handling practices when using your firearm.

- Regularly inspect the springs for wear and tear, and replace them if necessary.

## **Disposal Instructions**

- Dispose of any old or damaged springs in accordance with local regulations regarding hazardous materials.
- Do not dispose of the springs in regular household waste; check for designated disposal sites or recycling programs.

## **Contact Information for Further Support**

For any inquiries or support related to the REMINGTON 700 SPEEDLOCK DUO SPRING SETS, please consult the manufacturer's website or customer service channels for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your firearm are of utmost importance.
