

MODEL 70 LONG ACTION SPEEDLOCK FIRING PIN KIT - DAVID TUBB WIN. 70, LONG ACTION

[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

Aluminum/steel or titanium firing pins weigh less than half of original factory firing pins, and the weight savings alone would decrease lock times dramatically. But, for even faster lock times and to help ensure positive ignition, the Tubb Firing Pins come with a factory weight chrome silicon spring. CS springs maintain load height and compression strength without taking a set for thousands of compression cycles. Faster lock time means there's less chance of gun movement between the time the trigger is pulled and the firing pin hits the primer. Tubb Firing Pins cut lock time without increasing vibrations AND maintain positive ignition. Designed by NRA Highpower Rifle and Highpower Silhouette Champion David Tubb. Perfect for benchrest shooting and especially valuable for off-hand shooters...whether they're Highpower or Silhouette competitors, or hunters wanting the best, cleanest shot possible.

Attributes

- Name: [DAVID TUBB WIN. 70, LONG ACTION](#)
- Manufacturer: [DAVID TUBB](#)
- Product no.: 840070003
- Mfr. No.: SL70L
- Model: 70

Safety Instruction Guide for MODEL 70 LONG ACTION SPEEDLOCK FIRING PIN KIT

Introduction

Thank you for choosing the MODEL 70 LONG ACTION SPEEDLOCK FIRING PIN KIT by David Tubb. This guide provides essential safety instructions and information to ensure the safe and effective use of your firing pin kit. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that all safety precautions are followed during the use of the firing pin kit.
- Always handle firearms with care, treating every firearm as if it is loaded.
- Keep the firing pin kit and all related components out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that you are in a safe environment when handling firearms.
- Regularly check for any recalls or safety updates related to your product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use the firing pin kit only with compatible Winchester Model 70 rifles, as specified in the product specifications.
- Do not attempt to modify or alter the firing pin kit in any way, as this may compromise safety and performance.
- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is pointed in a safe direction at all times when installing or handling the firing pin kit.
- Verify that the firearm is unloaded before installing or replacing the firing pin.
- Avoid using the firing pin kit in wet or damp conditions to prevent corrosion or damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the necessary tools for installation, including a screwdriver and any other required equipment.
- Familiarize yourself with the components of the firing pin kit.

2. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the bolt from the rifle according to the manufacturer's instructions.
- Carefully remove the existing firing pin and spring from the bolt.
- Install the new firing pin from the kit, ensuring it is properly seated.
- Replace the chrome silicon spring, ensuring it is correctly positioned.
- Reassemble the bolt and reinstall it into the rifle.

3. Usage:

- After installation, perform a function check to ensure the firing pin operates correctly.
- Test the firearm in a controlled environment to ensure proper operation.
- Always follow the manufacturer's guidelines for the specific firearm model when using the firing pin kit.

Disposal Instructions

- Dispose of any old or unused firing pins and springs in accordance with local regulations.
- Do not dispose of the firing pin kit in regular household waste. Instead, follow local guidelines for hazardous materials disposal.

Contact Information for Further Support

For any safety inquiries or support related to the MODEL 70 LONG ACTION SPEEDLOCK FIRING PIN KIT, please contact the manufacturer or refer to the product packaging for additional resources.

By following these safety instructions, you can ensure a safer shooting experience. Thank you for your attention to these important guidelines.
