# GUNSMITH .220" INSTALLATION JIG Safety Instructions

## Introduction

Thank you for choosing the GUNSMITH .220" INSTALLATION JIG. This product is designed to assist you in achieving a perfect fit for your firearm grips using simple hand tools. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are familiar with the operation of hand tools before using this product.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling tools and materials.
- Keep the installation area clean and free of distractions to avoid accidents.
- Store the installation jig in a safe place, out of reach of children and pets.
- Regularly inspect the installation jig for any signs of wear or damage. Do not use if damaged.

## Specific Safety Precautions for Use

- Do not use the installation jig for any purpose other than its intended use.
- Ensure that the firearm is unloaded and safe before beginning the installation process.
- Handle all tools with care to prevent injury.
- Avoid placing fingers near cutting edges or sharp tools during installation.
- Follow all local laws and regulations regarding firearm modifications and installations.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools: GUNSMITH .220" INSTALLATION JIG, hand tools, and any additional materials required for your specific firearm.
- Ensure the working area is welllit and organized.

### 2. Setting Up the Jig

- Position the installation jig securely on a stable surface.
- Verify that the hardened steel buttons are correctly aligned to provide the correct .220" radius.

### 3. Installation Process

- Begin by gently placing the jig against the grip area of your firearm.
- Use the appropriate hand tools to make the necessary adjustments, ensuring that you maintain a safe distance from sharp edges.
- Follow the instructions provided by your firearm manufacturer for any specific adjustments required.

### 4. Final Checks

- Once installation is complete, doublecheck that all components are securely in place.
- Clean the area and tools used during the installation process.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly and in accordance with local waste disposal regulations.
- If the installation jig becomes damaged beyond repair, follow local guidelines for disposing of metal products.

## **Contact Information for Further Support**

For any questions or concerns regarding the GUNSMITH .220" INSTALLATION JIG, please refer to your retailer or the manufacturer's website for additional support and information.

By following these safety instructions, you can ensure a safe and effective installation process. Thank you for your attention to safety, and enjoy using your GUNSMITH .220" INSTALLATION JIG.
