

# 1911 BEAVERTAIL HIGH GRIP SAFETY - SMITH & ALEXANDER .220° GRIP SAFETY, STANDARD, BLUE

[Handgun Parts](#) > [Safety Parts](#) > [Safeties](#)

## .220° Radius Fits Springfield Armory Frame Contour

.220° radius eliminates the unsightly gap at the top edge of the frame tangs on Springfield Armory guns. Raised palmswell gives positive release with any style grip. Curved shape lets the pistol set lower in your hand for better recoil control. Extra width and a long trigger block arm help you get a precise, custom-looking fit.

# Safety Instruction Guide for 1911 Beavertail High Grip Safety

## Introduction

Thank you for choosing the 1911 Beavertail High Grip Safety by Smith & Alexander. This product is designed to enhance the safety and performance of your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the Beavertail High Grip Safety.
- Familiarize yourself with the safety features of your firearm and the Beavertail High Grip Safety.
- Store your firearm and all accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the Beavertail High Grip Safety for wear or damage. Replace if necessary.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the Beavertail High Grip Safety is compatible with your specific firearm model (Government, Commander, Officers).
- Use only the recommended tools for installation to avoid damaging the safety or your firearm.
- Avoid modifying the Beavertail High Grip Safety unless you are a qualified gunsmith.
- Do not use the firearm with the Beavertail High Grip Safety if it is damaged or improperly installed.
- Be aware that the .220° radius may require alteration to the frame of your firearm.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is unloaded.
- Gather the necessary tools for installation.

### 2. Installation Steps

- Remove the existing grip safety from your firearm.
- Align the Beavertail High Grip Safety with the frame tangs of your firearm.
- Securely attach the safety using the appropriate screws. Ensure it is tight but do not overtighten.
- Test the safety mechanism to ensure it functions correctly before using the firearm.

### 3. Usage Instructions

- Grip the firearm firmly, ensuring your hand is positioned correctly on the Beavertail High Grip Safety.
- Practice safe handling and shooting techniques at all times.
- Regularly check the functionality of the safety during cleaning and maintenance of your firearm.

## **Disposal Instructions**

- Dispose of any damaged or outdated parts in accordance with local regulations.
- Recycle materials where possible, ensuring that any hazardous materials are disposed of safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 Beavertail High Grip Safety, please refer to the manufacturer's contact information provided on the product packaging or the official website.

Thank you for prioritizing safety while using the 1911 Beavertail High Grip Safety. Your adherence to these guidelines will help ensure a safe and enjoyable experience with your firearm.
