

RUGER® BLACKHAWK® EJECTOR ROD HOUSING - Borchardt Rifle EJECTOR ROD HOUSING,1/4"

[Handgun Parts](#) > [Action Parts](#) > [Ejector Parts](#) > [Ejector Housings](#)

Replaces The Factory Aluminum Part

Made from durable, machined steel that wears longer and functions smoother than the factory aluminum part. Increased weight helps cut down muzzle flip. High-lustre blue finish adds a touch of class to your Ruger® Blackhawk® revolver.

RUGER® BLACKHAWK® EJECTOR ROD HOUSING

Safety Instruction Guide

Introduction

Thank you for choosing the RUGER® BLACKHAWK® EJECTOR ROD HOUSING. This product is designed to enhance the performance of your Ruger® Blackhawk® revolver. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, installation, and maintenance of the product.

General Safety Guidelines

- Always check the compatibility of the ejector rod housing with your specific Ruger® Blackhawk® model before installation.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation and maintenance.
- Keep the ejector rod housing and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the ejector rod housing for signs of wear or damage. Replace if necessary.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- Use only with Ruger® Blackhawk® models that are compatible, specifically those with 7½", 5½", and 45/8" barrels.
- For older guns with silver brazed studs, ensure you are using the ¼" model. Newer guns require the .200" model.
- Do not use excessive force during installation to avoid damaging the ejector rod housing or your firearm.
- Ensure that all components are securely fastened after installation to prevent malfunctions during use.
- If you experience any operational issues, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and in a safe condition.
- Gather necessary tools for installation, typically a screwdriver.

2. Installation Steps

- Remove the existing ejector rod housing from your Ruger® Blackhawk® revolver by unscrewing it carefully.
- Align the new ejector rod housing with the mounting points on the revolver.
- Securely fasten the new ejector rod housing in place using the appropriate screws. Do not overtighten.
- Inspect the installation to ensure everything is properly aligned and secure.

3. Usage

- After installation, perform a function check of your revolver to ensure smooth operation.
- Regularly clean and maintain the ejector rod housing to ensure optimal performance.
- Store the firearm in a secure location when not in use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the ejector rod housing is damaged beyond repair, consult local regulations for proper disposal methods for metal parts.
- Never dispose of firearm components in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the RUGER® BLACKHAWK® EJECTOR ROD HOUSING, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Conclusion

By following the instructions and safety guidelines outlined in this document, you can ensure safe and effective use of your RUGER® BLACKHAWK® EJECTOR ROD HOUSING. Always prioritize safety and compliance with local laws while handling your firearm. Thank you for your attention to these important safety measures.
