## Authentic Cowboy Action Look; Great For Lever Action, Long Distance Shooting

Versatile, CNC-machined, steel sight lets you shoot both long and short distances. Flipped up, the ladder adjusts from 100-1100 yards for long-range shots; flipped down, the flat-top, V sight provides fast target acquisition for short shots. Ball detents provide an audible and felt click for each graduation on the ladder; marked 1895 for authenticity. Fits rifles with a 3/8" dovetail. Suggested Winchester 1876, Cimarron Arms 1876, and Marlin 1895.

# RIFLE M95 LONG RANGE REAR SIGHT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the RIFLE M95 LONG RANGE REAR SIGHT from Smith Enterprise. This guide provides essential safety instructions and usage guidelines to ensure your safety and the proper functioning of the product. Please read this manual carefully before installation and usage.

## General Safety Guidelines

- Ensure that the sight is compatible with your rifle before installation.
- Always handle firearms with care, following the basic rules of gun safety.
- Keep the sight and all firearms out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of wear or damage.
- Do not attempt to modify or alter the sight in any way.
- If you experience any issues with the sight, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use the sight only for the intended purpose of aiming and shooting.
- Always wear appropriate eye protection while shooting.
- Ensure that the area around you is clear of bystanders when using the firearm.
- Be aware of your target and what lies beyond it.
- Do not use the sight in adverse weather conditions that may impair visibility.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded before installation.
- Locate the 3/8" dovetail on your rifle.
- Align the sight with the dovetail and gently slide it into place.
- Adjust the sight to ensure it is securely fitted.
- Check that the sight is properly aligned before use.

### 2. Usage

- To adjust for longrange shots, flip the ladder up and select the desired yardage from 1001100 yards.
- For shortrange shots, flip the ladder down to utilize the flattop, V sight for quick target acquisition.
- Use the ball detents to feel and hear each graduation on the ladder for precise adjustments.
- Always confirm your adjustments before taking a shot.

## Disposal Instructions

- Dispose of the sight responsibly and in accordance with local regulations.
- Do not dispose of the sight in regular household waste.
- If the sight is damaged beyond repair, contact your local waste management authority for proper disposal methods.
