

# MUZZLE BRAKE .865 22 CALIBER - SHREWD MUZZLE BRAKE .865 22 CALIBER 5/8-24 SS SILVER

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Multi-port brake softens felt recoil and reduces muzzle rise. A single expansion chamber and 42 total ports, 21 on each side, angled 7° forward, provide maximum recoil control. Gunsmithing required. Comes with a .220" (nominal) diameter exit hole that must be opened up to .020" larger than bullet diameter. Can be enlarged to allow bullets up to .44 caliber. Rear exterior of comp can be machined to conform to barrel.

## Attributes

- Name: [SHREWD MUZZLE BRAKE .865 22 CALIBER 5/8-24 SS SILVER](#)

# Safety Instruction Guide for the MUZZLE BRAKE .865 22 CALIBER

## Introduction

Thank you for choosing the MUZZLE BRAKE .865 22 CALIBER by SHREWD. This product is designed to enhance your shooting experience by reducing recoil and muzzle rise. However, it is essential to use this product safely and responsibly. This guide provides safety instructions, installation guidelines, and disposal information in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the MUZZLE BRAKE is installed correctly to avoid any accidents or malfunctions.
- Always follow the manufacturer's instructions when using the product.
- Store the MUZZLE BRAKE in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Use the product only with firearms that are compatible with the specifications outlined in this guide.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.

## Specific Safety Precautions for Use

- Gunsmithing is required for installation. Ensure that a qualified gunsmith performs the installation to avoid hazards.
- The exit hole must be enlarged to .020" larger than the bullet diameter. Failure to do so may result in malfunction or damage.
- Ensure that the rear exterior of the muzzle brake is machined to conform to the barrel specifications.
- Do not use the muzzle brake with ammunition exceeding .44 caliber.
- Always check that the muzzle brake is securely attached before firing.
- Avoid using the product in adverse weather conditions that may affect performance.

## Instructions for Installation and Usage

### 1. Installation

- Consult a qualified gunsmith for installation.
- Ensure that the firearm is unloaded and pointed in a safe direction before beginning installation.
- Remove any existing muzzle device from the firearm.
- Follow the gunsmith's instructions to attach the MUZZLE BRAKE securely.
- Confirm that the exit hole is enlarged to the required diameter.

### 2. Usage

- Always ensure that the firearm is in good working condition before use.
- Load ammunition that is compatible with the MUZZLE BRAKE specifications.
- Position yourself in a stable shooting stance.
- Aim the firearm in a safe direction before firing.
- After firing, inspect the muzzle brake for any signs of damage or wear.

## Disposal Instructions

- Dispose of the MUZZLE BRAKE in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.

- If the product is damaged or no longer needed, consider recycling it at a facility that accepts metal components.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the MUZZLE BRAKE, please refer to the contact information provided with your product. Remember to report any unsafe products or incidents to the appropriate authorities.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can ensure a safe and enjoyable experience with your MUZZLE BRAKE .865 22 CALIBER. Always stay informed about product recalls and updates through the EU Safety Gate platform. Thank you for choosing SHREWD products.
