

#2 MUZZLE BRAKE 22 CALIBER - SHREWD #2 MUZZLE BRAKE 22 CALIBER 1/2-28 SS SILVER

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Multi-port brake softens felt recoil and reduces muzzle rise. A single expansion chamber and 42 total ports, 21 on each side, angled 7° forward, provide maximum recoil control. Gunsmithing required. Comes with a .220" (nominal) diameter exit hole that must be opened up to .020" larger than bullet diameter. Can be enlarged to allow bullets up to .44 caliber. Rear exterior of comp can be machined to conform to barrel.

Safety Instruction Guide for #2 Muzzle Brake 22 Caliber

Introduction

Thank you for choosing the #2 Muzzle Brake 22 Caliber by SHREWD. This product is designed to enhance shooting performance by reducing felt recoil and muzzle rise. To ensure safe and effective use, please read this safety instruction guide thoroughly before installation and use.

General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the muzzle brake is compatible with your firearm before installation.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Store the muzzle brake in a safe place, away from children and unauthorized users.
- Regularly inspect the muzzle brake for wear or damage before each use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Recoil Management:** While the muzzle brake reduces felt recoil, always maintain a firm grip on your firearm to ensure control during firing.
- **Exit Hole Size:** The exit hole must be opened up to .020 inches larger than the bullet diameter. This is critical to avoid obstruction and potential damage.
- **Caliber Limitations:** The muzzle brake can be enlarged to allow bullets up to .44 caliber. Ensure you do not exceed this limit.
- **Gunsmithing Required:** Installation requires professional gunsmithing. Do not attempt to install the muzzle brake without proper tools and expertise.
- **Machining the Rear Exterior:** If machining is needed to conform to the barrel, ensure it is done by a qualified professional to maintain safety and performance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools and ensure you have access to a qualified gunsmith.

2. Installation:

- Consult the gunsmith to verify compatibility with your firearm.
- Have the gunsmith install the muzzle brake according to manufacturer specifications.
- Ensure the exit hole is properly sized as per the guidelines.

3. Usage:

- After installation, conduct a thorough inspection of the muzzle brake and firearm before use.
- During shooting, maintain a proper stance and grip.
- Monitor the performance of the muzzle brake during use; if you notice any issues, cease use immediately and consult a professional.

Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations.
- Do not dispose of the muzzle brake in regular household waste.
- If the product is damaged or no longer functional, consult local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the #2 Muzzle Brake 22 Caliber, please consult your retailer or a qualified firearms professional.

By following these guidelines, you can ensure a safe and enjoyable experience with your new muzzle brake. Thank you for your attention to safety.
