

MAINSRING VISE - TRACK OF THE WOLF MAINSPRING VISE

[Gunsmith Tools](#) > [Handgun Tools](#) > [Mainspring Tools](#)

Compresses "V" Springs Effortlessly

New improved design makes it much easier to compress tough mainsprings with two rotating, adjustable jaws that screw down securely. Adapts to angle of spring, spreads compression evenly over the entire spring area and is perfect for installing V springs in shotguns and muzzleloaders. Wide turnkey allows you to use your thumb and index finger to really squeeze tough springs down without the need for makeshift tools.

MAINSRING VISE Safety Instruction Guide

Introduction

Thank you for choosing the MAINSPRING VISE from TRACK OF THE WOLF. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the MAINSPRING VISE.

General Safety Guidelines

- Always read and understand the user manual before operating the product.
- Ensure you are using the MAINSPRING VISE in a welllit and clean workspace.
- Keep the workspace free of clutter and distractions to avoid accidents.
- Use the product only for its intended purpose, which is to compress mainsprings safely.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect against potential injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the MAINSPRING VISE for any signs of wear or damage. Do not use if damaged.
- In case of any malfunction or irregular operation, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the jaws are securely tightened before attempting to compress a mainspring.
- Avoid placing fingers or hands near the jaws while the tool is in operation.
- Do not exceed the recommended compression limits of the mainspring to prevent any accidents.
- Always adapt the angle of the jaws to match the configuration of the mainspring to ensure even compression.
- If using the product for extended periods, take regular breaks to avoid fatigue.
- Never use makeshift tools or additional force that could compromise the safety of the operation.

Instructions for Installation and Usage

1. Setup:

- Place the MAINSPRING VISE on a stable and flat surface.
- Ensure that the jaws are in the open position before placing the mainspring in the vise.

2. Adjusting the Jaws:

- Rotate the adjustable jaws to accommodate the size and angle of the mainspring.
- Ensure the jaws grip the mainspring securely without slipping.

3. Compressing the Mainspring:

- Slowly turn the wide turnkey to compress the mainspring.
- Use your thumb and index finger to apply pressure, ensuring a firm but controlled grip.
- Monitor the compression to ensure it is even across the entire spring area.

4. Completing the Task:

- Once the mainspring is compressed to the desired level, carefully remove it from the vise.
- Ensure that the jaws are returned to the open position when not in use.

Disposal Instructions

- Dispose of the MAINSPRING VISE according to local regulations for metal products.
- If the product is damaged beyond repair, ensure it is disposed of in a way that prevents any potential hazards to the environment or public safety.

Contact Information for Further Support

For inquiries related to safety, product information, or to report unsafe conditions, please contact the designated EUbased contact point provided with your purchase. Ensure you have your product information and any relevant details ready when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with the MAINSPRING VISE. Thank you for your attention to these important guidelines.
