Instructions for Installation and Usage

1. Preparation:

- Ensure your Ruger American Rifle® is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a screwdriver and any other required equipment.

2. Installation Steps:

- Remove the action from the stock of the rifle.
- Locate the original trigger assembly and carefully detach it from the rifle.
- Take the TIMNEY RUGER® AMERICAN RIMFIRE® TRIGGER and position it in the trigger housing.
- Secure the trigger in place according to the manufacturer's specifications.
- Reassemble the rifle by placing the action back into the stock.

3. Adjusting Pull Weight:

- The trigger comes factory set to three pounds. If you wish to adjust the pull weight, follow these steps:
 - Locate the adjustment screw on the trigger assembly.

- Use a screwdriver to turn the screw clockwise to increase the pull weight or counterclockwise to decrease it.
- Test the trigger pull after each adjustment to ensure it meets your preference.

4. Final Check:

- Once installed, conduct a function check of the firearm in a safe environment.
- Ensure that the trigger operates smoothly without any hindrance.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local waste management regulations.
- If the trigger becomes damaged or is no longer functional, do not attempt to repair it. Dispose of it in a safe manner to prevent unauthorized use.
