Greatly Improves Pull, Feel & Function On Savage 10/116

Hardened steel trigger replaces the factory unit and its accuracy-robbing heavy pull. Gives a clean, crisp breaking trigger pull. Factory-type set screws adjust for letoff, overtravel and weight of pull (2 to 4 lb.). Parts are fully-finished, requires gunsmith fitting, and modification to stock. Includes trigger and trigger springs. Sear not included.

Safety Instruction Guide for SAVAGE 10/116 FEATHERWEIGHT TRIGGER

Introduction

Thank you for choosing the SAVAGE 10/116 FEATHERWEIGHT TRIGGER. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully before use to understand the potential hazards and the necessary precautions.

General Safety Guidelines

- Ensure that the product is installed by a qualified gunsmith to avoid improper fitting.
- Always handle firearms and their components responsibly and in accordance with local laws.
- Keep the product out of reach of children and unauthorized individuals.
- Regularly inspect the trigger for signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Trigger Pull Weight:** The trigger pull weight can be adjusted between 2 to 4 lbs. Ensure the weight is set to a level that is comfortable and safe for your use.
- **Overtravel Adjustment:** Adjust the overtravel to prevent the trigger from moving excessively after firing, which can lead to unintended discharges.
- **Letoof Adjustment:** Properly set the letoff to ensure a clean break and prevent accidental firing.
- **Installation:** Only use the trigger with nonAccutrigger models. Ensure compatibility with your firearm model (10, 110, 12, 116, 16, 11, 111, 114, 210).
- **Modification:** Be aware that modification to the stock may be required for proper fitting. Consult a gunsmith for assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools including screwdrivers and any other tools recommended by your gunsmith.

2. Installation:

- Remove the factory trigger according to the manufacturer's instructions.
- Install the new SAVAGE FEATHERWEIGHT TRIGGER by following these steps:
 - Align the trigger with the trigger housing.
 - Secure the trigger with the provided set screws.
 - Adjust the letoff, overtravel, and weight of pull as desired.
- Ensure that all screws are tightened securely.

3. Testing:

- After installation, conduct a function test without ammunition to ensure that the trigger operates correctly.
- Adjust the settings as necessary to achieve the desired trigger feel.

4. Usage:

- Always follow safe firearm handling practices.
- Ensure that the firearm is pointed in a safe direction when testing the trigger.
- Be aware of your surroundings and ensure that no one is in the line of fire.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not discard the trigger or its components in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.
