

# BUEHLER-STYLE LOW SAFETY - TIMNEY M93/96 SAFETY

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

## Positive Stops At On & Off; Simple, Fast Installation

The re-make of the famous Buehler Low Safety. Faster and much more convenient to operate than the factory safety plus, it will not interfere with even the lowest mounted scopes. Rotates through a 70° arc on the right side of the rifle with positive stops in both the "on" and "off" positions. Securely holds the bolt and the striker in the locked position. Precision CNC machined from high-quality steel, hardened at all wear points, polished and blued. No machining required for installation on M98. M93/96 may require grinding of cocking piece.

## Attributes

- Name: [TIMNEY M93/96 SAFETY](#)
- Manufacturer: [TIMNEY](#)
- Product no.: 883805096
- Mfr. No.: 1002
- Model: 94,93,96,95

# **BUEHLERSTYLE LOW SAFETY TIMNEY M93/96 SAFETY Safety Instruction Guide**

## **Introduction**

Thank you for choosing the BuehlerStyle Low Safety Timney M93/96 Safety. This product is designed for enhanced safety and convenience when operating your firearm. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Ensure that the product is installed correctly and securely before use.
- Always handle firearms with care and follow all local laws and regulations.
- Keep the safety device in good working condition and regularly check for any signs of wear or damage.
- Store firearms and safety devices in a secure location, out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Always ensure the firearm is unloaded before installing or adjusting the safety.
- Do not operate the safety while the firearm is pointed at yourself or others.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.
- Do not modify the safety device or firearm in any way that could compromise safety.
- If the safety does not function properly, discontinue use immediately and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **Installation**

#### **1. Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation.

#### **2. Installation Steps:**

- Remove the existing safety if applicable, following the manufacturer's instructions.
- Position the BuehlerStyle Low Safety in place of the original safety.
- Ensure the safety rotates freely through its 70° arc without obstruction.
- Securely fasten the safety in place.

#### **3. Check Functionality:**

- Test the safety in both the "on" and "off" positions to ensure it operates smoothly.
- Confirm that the bolt and striker are securely held in the locked position.

### **Usage**

- To engage the safety, rotate it to the "on" position, ensuring a positive stop.
- To disengage the safety, rotate it to the "off" position, again ensuring a positive stop.
- Always verify that the safety is engaged when the firearm is not in use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the BuehlerStyle Low Safety Timney M93/96 Safety, please reach out to your local distributor or contact the manufacturer directly.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your product responsibly and safely!
