Safety Instruction Guide for Triumph Twist Drill Co. Jobber Length Wire Gauge Drills

Introduction

Thank you for choosing the Triumph Twist Drill Co. Jobber Length Wire Gauge Drills. These precision engineered tools are designed to provide reliable performance in various drilling tasks. To ensure your safety and the safe use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the drill in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, well lit, and free of any hazards.
- Keep the drill bits and tools out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and ear protection when necessary.
- Inspect the drill bits for damage or wear before use. Do not use damaged bits.
- Store the drill bits in a safe place when not in use to prevent accidents.

Specific Safety Precautions for Use

- Use the drill bits only for their intended purpose. Do not use them for tasks they are not designed for.
- Ensure that the drill is securely mounted or held in place during operation to prevent slipping.
- Maintain a firm grip on the drill while in use to control the tool effectively.
- Avoid wearing loose clothing or jewelry that may get caught in the drill.
- Do not exceed the recommended speed settings for the drill bits to prevent overheating and breakage.
- Keep hands and other body parts away from the drilling area while operating the drill.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate drill bit size for your task.
- Insert the drill bit into the chuck of the drill and tighten securely.
- Ensure that the drill is unplugged or turned off before changing drill bits.

2. Usage:

- Mark the drilling location clearly before beginning.
- Position the drill perpendicular to the work surface for accurate drilling.
- Start the drill at a low speed to create a pilot hole, then gradually increase speed as needed.
- Apply steady pressure while drilling, but do not force the drill.
- Once the hole is complete, release the trigger and allow the drill to come to a complete stop before removing it from the workpiece.

Disposal Instructions

- Dispose of worn or damaged drill bits responsibly. Follow local regulations for the disposal of metal products.
- Do not dispose of drill bits in household waste. Instead, take them to a designated recycling facility if available.
