**SHORT LENGTH WIRE GAUGE DRILLS** The Triumph Twist Drill Co. Short Length Wire Gauge Drills are high-quality tools crafted for professionals and enthusiasts who demand precision and durability in their drilling applications. Designed for tight spaces and detailed tasks, these drills are a reliable choice for gunsmiths and machinists. Key Features: High-Speed Steel (HSS) Construction: Made from durable high-speed steel, these drills deliver excellent wear resistance, heat tolerance, and longevity, even under rigorous use. Short-Length Design: The compact length provides enhanced rigidity, making these drills ideal for precision work in confined spaces where longer drills may flex or be impractical. Wire Gauge Sizing: Available in a wide range of wire gauge sizes, these drills are perfect for detailed work, particularly in firearms maintenance, modifications, and other fine machining tasks. Precision-Ground Cutting Edges: Engineered for clean, accurate holes, the sharp cutting edges minimize wandering and chipping, ensuring consistent results. Specs Made of High Speed Steel 135° Self-Centering Point Coating/Finish: Black Oxide Applications: The Triumph Twist Drill Co. Short Length Wire Gauge Drills are ideal for gunsmithing tasks that require fine detail, such as drilling pinholes, scope mounts, or other intricate firearm modifications. Their compact design also makes them suitable for other precision work in metals, plastics, and wood. Customer Feedback: Users appreciate the durability and precision of these short-length drills, often highlighting their effectiveness in tight spaces. The high-speed steel construction and sharp cutting edges are frequently praised for delivering reliable, clean results. Summary: The Triumph Twist Drill Co. Short Length Wire Gauge Drills offer precision and dependability in a compact package. Built with high-speed steel and designed for detailed work, these drills are an essential tool for gunsmiths and machinists. Whether working in confined spaces or requiring exceptional accuracy, these drills provide the performance and quality expected from Triumph Twist Drill Co. products.

## Specific Safety Precautions for Use

- **Personal Protective Equipment:** Always wear appropriate PPE, including safety goggles and gloves, to protect against debris and sharp edges.
- **Work Environment:** Ensure that your workspace is clean, welllit, and free of obstructions to prevent accidents.
- **Tool Inspection:** Before each use, inspect the drill for any signs of damage or wear. Do not use if damaged.
- **Secure Workpiece:** Always secure the workpiece using clamps or a vice to prevent movement during drilling.
- **Avoid Overexertion:** Do not apply excessive force while using the drill. Let the tool do the work to prevent breakage.
- **Keep Hands Clear:** Maintain a safe distance from the drill bit while operating to avoid injury.
- **Proper Storage:** Store the drills in a safe place, away from children and unauthorized users.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the correct drill size for your application.
- Gather necessary tools and materials before starting.

### 2. Drilling Process:

- **Set Up:** Position the drill securely in a drill press or handheld drill.
- **Align the Drill Bit:** Place the drill bit at the desired location on the workpiece.
- **Start Drilling:**
  - Begin at a low speed to create a pilot hole if necessary.
  - Gradually increase the speed as needed, ensuring consistent pressure.
- **Monitor Progress:** Keep an eye on the drilling process to ensure accuracy and prevent

overheating.

### **3. PostUse Care:**

- After use, clean the drill bits to remove any debris and residue.
- Inspect the bits for any damage and store them properly.

## **Disposal Instructions**

- Dispose of the drill bits in accordance with local regulations.
- Do not dispose of in regular household waste.
- Consider recycling options for metal materials where applicable.

## **Contact Information for Further Support**

For additional support or safety inquiries, please refer to the appropriate EUbased contact or consult the product's packaging for further details.
