

# TRITIUM BRITE-SITE NIGHT SIGHT SETS FOR GLOCK® - 231G1

## TRITIUM BRITE-SITE FOR GLOCK 17/22

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

### Advanced Sight Systems For All Shooting Conditions, Day & Night

High quality sight systems offer exceptional brightness in a low profile configuration that won't hang up in your holster or slow you down. CNC machined, steel construction provides superior durability for combat or competition. Dovetailed rear with set screw (except Sure-Sight) and screw-on front sight makes replacement of Glock factory sights fast and simple. All sights, except Sure-Sight, match factory sight height. High quality, self-illuminating, tritium tubes glow bright green so you can find your sights, even in complete darkness. Surrounding white ring shows up well in daylight. Popular, three-dot system provides fast sight alignment in high stress situations. No-snag design for standard, carry holsters.

# Safety Instruction Guide for TRITIUM BRITESITE NIGHT SIGHT SETS FOR GLOCK®

## Introduction

Thank you for choosing the TRITIUM BRITESITE NIGHT SIGHT SETS FOR GLOCK®. This guide provides essential safety instructions, general guidelines, and specific precautions to ensure the safe and effective use of your sight sets. Please read this manual carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is suitable for your specific Glock model as listed in the product specifications.
- Always handle your firearm responsibly and follow all local laws and regulations regarding firearms and accessories.
- Inspect the product for any visible defects or damage before installation. Do not use the product if it appears damaged.
- Keep the sight sets out of reach of children and unauthorized persons.
- Regularly check for any wear or damage to the sights to maintain safety and functionality.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- The tritium tubes in the sights are selfilluminating and glow bright green. Do not attempt to disassemble or modify the tritium tubes.
- Avoid exposing the sights to extreme temperatures or harsh chemicals, as this may affect their performance.
- Ensure that the sights are properly installed according to the instructions to prevent any malfunction during use.
- Use the sights only in conjunction with compatible Glock models as specified.
- Be aware that the brightness of the sights may vary depending on environmental conditions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove the factory sights from your Glock using appropriate tools.
- Install the rear sight by aligning it with the dovetail cut on the slide and securing it with the set screw (except for SureSight).
- Attach the front sight by screwing it onto the designated area on the slide.
- Ensure both sights are firmly secured and aligned properly.

### 2. Usage:

- Familiarize yourself with the sight alignment process using the threidot system.
- Practice using the sights in various lighting conditions to understand their functionality.
- Always ensure that your firearm is in a safe condition before handling or aiming.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal

methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRITIUM BRITESITE NIGHT SIGHT SETS FOR GLOCK®, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy the improved accuracy and reliability that your new sights provide.
