[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

## Advanced Sight Systems For All Shooting Conditions, Day & Low Light

High quality sight systems offer exceptional brightness in a low profile configuration that won't hang up in your holster or slow you down. CNC machined, steel construction provides superior durability for combat or competition. Dovetailed rear with set screw (except Sure-Sight) and screw-on front sight makes replacement of Glock factory sights fast and simple. All sights, except Sure-Sight, match factory sight height. Fiber optic rods produce a brilliant shine in bright and low light conditions without battery power. Contrasting green rear and orange front ensures fast sight recognition and alignment. Rear sight features two individual fibers for maximum surface area to collect ambient light. Rods are recessed and fully protected in the sight channels to survive the toughest blows and remain hidden from your target.

## Attributes

- Name: [TRUGLO 131G2 FO BRITE-SITE FOR GLOCK 20,21,29,30,31,32](#)

# FIBER OPTIC BRITESITE SIGHT SETS FOR GLOCK®

## Safety Instruction Guide

### Introduction

Thank you for choosing the FIBER OPTIC BRITESITE SIGHT SETS FOR GLOCK® by TRUGLO. This guide provides essential safety instructions and information to ensure the safe use of your sight set. Please read this document carefully before installation and use.

### General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the sight set.
- Use the sight sets only for the specified models: Glock 20, 21, 29, 30, 31, and 32.
- Follow all local laws and regulations regarding firearm accessories and modifications.
- Inspect the sight set regularly for any signs of damage or wear.
- Keep the sight set out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Ensure that the sight set is securely attached to the firearm before use.
- Avoid exposing the sight set to extreme conditions, such as high temperatures or excessive moisture.
- Do not attempt to modify or disassemble the sight set.
- If the sight set becomes damaged, discontinue use immediately and seek a replacement.
- Use the sight set only for its intended purpose and in accordance with this guide.

### Instructions for Installation and Usage

#### Installation Steps

1. **Prepare Your Firearm:** Ensure that your Glock is unloaded. Remove any existing sights if necessary.
2. **Attach the Rear Sight:**
  - Locate the dovetail on the rear of the slide.
  - Align the rear sight with the dovetail and gently tap it into place using a sight pusher or a soft mallet.
  - Secure the rear sight with the set screw provided (except for SureSight models).
3. **Attach the Front Sight:**
  - Locate the front sight position on the slide.
  - Align the front sight with the mounting hole and press it into place.
  - Secure the front sight using the screw provided.
4. **Check Alignment:** Ensure that both sights are aligned properly for optimal accuracy.
5. **Test Functionality:** Before using your firearm, check that the sights are securely attached and functioning correctly.

#### Usage Instructions

- When aiming, ensure that you have a proper grip on your firearm.
- Align the green rear sight with the orange front sight for accurate targeting.
- Practice in a safe environment to become familiar with the sight set.

### Disposal Instructions

- Dispose of the sight set responsibly according to local regulations.

- Do not dispose of the sight set in regular household waste if it is damaged or no longer functional.
- Consider recycling parts of the sight set where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please consult your local retailer or contact the manufacturer directly. Always ensure that you have the correct model information when seeking assistance.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the FIBER OPTIC BRITESITE SIGHT SETS FOR GLOCK®.
