## Cushions Felt Recoil, Reduces Muzzle Jump; No-Snag Design For Fast Shouldering

Recoil-absorbing pad of NAVCOM™ synthetic material combines the proven effectiveness of the original Limbsaver with improved shouldering speed and Anti-Muzzle Jump Technology for fast, accurate follow up shots. Beveled heel eliminates the prominent edge that can catch on clothing and slow down shouldering your shotgun. Wear-resistant Easy Glide surface coating further reduces friction between pad and clothing. As the firearm discharges, the redesigned two-chamber system inside the pad engages, with the lower chamber compressing first to direct the recoil force downward. Two, internal impact pillars engage to distribute the force and further control the angle of collapse, reducing muzzle jump by as much as 50%. Grind-to-fit model for custom installations. These pads no longer come with mounting screws.

# **SPEED MOUNT RECOIL PAD LIMBSAVER GRINDTOFIT SPEED MOUNT PAD Safety Instruction Guide**

## **Introduction**

Thank you for choosing the SPEED MOUNT RECOIL PAD LIMBSAVER GRINDTOFIT SPEED MOUNT PAD. This product is designed to enhance your shooting experience by providing effective recoil absorption and improved shouldering speed. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## **General Safety Guidelines**

- Always ensure that the firearm is unloaded before installing or adjusting the recoil pad.
- Use the recoil pad only with compatible firearms as specified by the manufacturer.
- Inspect the recoil pad regularly for any signs of wear or damage. Replace if necessary.
- Keep the recoil pad out of reach of children and vulnerable individuals when not in use.
- Report any unsafe conditions or incidents involving the recoil pad to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Avoid using the recoil pad in extreme temperature conditions, as this may affect its performance.
- Do not use the recoil pad if it shows signs of cracking, tearing, or other forms of damage.
- Ensure that the pad is securely attached to the firearm before use to prevent accidents.
- Be aware of your surroundings and ensure a clear line of sight when using your firearm with the recoil pad attached.
- Use appropriate eye and ear protection when firing a firearm with the recoil pad.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure the firearm is unloaded.
- Remove any existing recoil pad if applicable.
- Align the grindtofit recoil pad with the stock of the firearm.
- Securely attach the recoil pad using the appropriate screws (note: mounting screws are not included).
- Adjust the fit by grinding the pad as necessary to achieve the desired contour.

### **2. Usage:**

- When shouldering the firearm, ensure that the pad is positioned correctly against your shoulder.
- Practice shouldering the firearm to familiarize yourself with the feel of the recoil pad.
- After firing, check the pad for any signs of wear or damage and ensure it remains securely attached.

## **Disposal Instructions**

- Dispose of the recoil pad in accordance with local regulations regarding synthetic materials.
- Do not dispose of the recoil pad in regular household waste if it is damaged or worn. Contact local waste management services for proper disposal methods.

## **Contact Information for Further Support**
