

S&W M&P TRITIUM BRITE-SITE NIGHT SIGHT SET - TRUGLO 231MP TRITIUM BRITE-SITE, FITS S&W M&P

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

High quality sight systems offer exceptional brightness in a low profile configuration that won't hang up in your holster or slow you down. CNC machined, steel construction provides superior durability for combat or competition. Dovetailed rear with set screw (except Sure-Sight) and screw-on front sight makes replacement of Glock factory sights fast and simple. All sights, except Sure-Sight, match factory sight height. High quality, self-illuminating, tritium tubes glow bright green so you can find your sights, even in complete darkness. Surrounding white ring shows up well in daylight. Popular, three-dot system provides fast sight alignment in high stress situations. No-snag design for standard, carry holsters.

S&W M&P TRITIUM BRITESITE NIGHT SIGHT SET TRUGLO 231MP TRITIUM BRITESITE

Consumer Safety Instruction Guide

Introduction

Thank you for choosing the S&W M&P Tritium BriteSite Night Sight Set by TRUGLO. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your new sight system. Please read this information carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure that the sight set is used only as intended and in accordance with the provided instructions. This product is designed for use with Smith & Wesson M&P firearms.
- **Enhanced Recalls:** Stay informed about any potential recalls. Check the EU Safety Gate platform for updates regarding safety notices related to this product.
- **Online Shopping:** If purchased online, confirm that the seller complies with safety regulations and offers the same protections as physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Store it out of their reach to prevent accidental injury.
- **EU Contact Point:** For any safety inquiries related to this product, please refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Monitor the Safety Gate system for timely updates on any unsafe products.

Specific Safety Precautions for Use

- **Avoid Direct Eye Contact:** Do not look directly into the tritium tubes. The brightness may cause temporary visual impairment.
- **Inspect Before Use:** Always inspect the sight set for any damage or defects before installation. Do not use if any parts are missing or damaged.
- **Use Appropriate Firearm:** Ensure that the sight set is compatible with Smith & Wesson M&P models only. Do not attempt to install on other firearm models.
- **Installation Caution:** Use proper tools and follow the installation instructions carefully. Improper installation may lead to malfunction or injury.
- **Regular Maintenance:** Periodically check the sight alignment and condition. Clean the sights gently with a soft cloth to maintain visibility.

Instructions for Installation and Usage

1. **Gather Required Tools:** Before starting, ensure you have the following tools:

- Screwdriver (appropriate size for set screws)
- Allen wrench (if applicable)
- Soft cloth for cleaning

2. **Remove Existing Sights:**

- Clear the firearm and ensure it is unloaded.
- Using the appropriate tool, carefully remove the factory sights from the firearm.

3. **Install the Rear Sight:**

- Align the dovetail of the rear sight with the corresponding slot on the firearm.
- Gently tap the sight into place using a soft hammer or similar tool.

- Secure the sight by tightening the set screw (if applicable).

4. **Install the Front Sight:**

- Align the front sight with the mounting area on the firearm.
- Use the provided screw to secure the front sight in place. Ensure it is tight but do not overtighten.

5. **Final Inspection:**

- Check that both sights are securely installed and aligned.
- Clean the sights with a soft cloth to remove any fingerprints or debris.

6. **Test the Sights:**

- Before using the firearm in a live setting, test the sight alignment at a safe shooting range.
- Ensure that the sights provide the desired visibility and alignment.

Disposal Instructions

- **Environmental Considerations:** Dispose of the sight set in accordance with local regulations. Do not dispose of in regular household waste.
- **Safe Disposal of Tritium:** If the tritium tubes are damaged, follow local hazardous waste disposal guidelines as tritium is a radioactive material.

Contact Information for Further Support

For assistance, please refer to the manufacturer's contact information included with the product packaging. Ensure to have your purchase details available for reference.

By following these guidelines, you can help ensure the safe and effective use of your S&W M&P Tritium BriteSite Night Sight Set. Thank you for your attention to safety and compliance. Enjoy your enhanced shooting experience!
