

# TFX PRO SIGHT SETS FOR GLOCK® - TRUGLO TFX PRO SET GLOCK® 42/43

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

The TFX Pro Night Sights are constructed with duty or military use in mind. These sights feature both a Tritium vial for constant illumination, as well as fiber optic rods that amplify ambient light. Not only do these sights have both Tritium vials and fiber optics, but they are hermetically sealed in a redesigned TFX capsule, that provides superior protection against oils, chemicals and cleaning solvents. No more worrying about damaging your sights when cleaning! Front Sight features an orange outline, providing a contrast in colors and faster target acquisition. Rear sights features a U-notch design and angled front face for emergency slide racking. Sight bodies are CNC machined steel and have a Truglo "fortress" finish. TFX Pro Sights sets are Made in the USA, using Swiss Tritium.

# TFX PRO SIGHT SETS FOR GLOCK® TRUGLO TFX PRO SET GLOCK® 42/43 Safety Instruction Guide

## Introduction

Thank you for choosing the TFX Pro Sight Sets for your Glock® 42/43. These sights are designed to enhance your shooting experience while ensuring safety and reliability. This guide provides essential safety instructions, installation procedures, and general guidelines to help you use your product safely and effectively.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure you are familiar with the operation of your firearm and the specific sighting system.
- Store your firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your sights for any signs of damage or wear before use.
- Avoid using the sights in extreme environmental conditions that may affect performance.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the sights only for their intended purpose on Glock® models 42 and 43.
- Do not attempt to modify or alter the sights in any way.
- Always wear appropriate eye protection when using firearms.
- Ensure that the sights are properly installed before use to avoid accidents.
- Be cautious of the ambient light conditions when using the sights, as they are designed to amplify available light.
- If you experience any issues with the sights, cease use immediately and consult a qualified professional.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure your firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Sights:** Using a sight pusher tool, carefully remove the existing sights from your Glock® 42/43.
3. **Install Front Sight:** Align the TFX Pro front sight with the dovetail slot on the slide and press it into place using the sight pusher tool.
4. **Install Rear Sight:** Align the TFX Pro rear sight with the rear dovetail slot and press it into place, ensuring it is securely fitted.
5. **Check Alignment:** Verify that both sights are properly aligned and secure before proceeding.

### Usage

- To utilize the Tritium vial and fiber optic features effectively, ensure that the sights are clean and free from obstructions.
- During lowlight conditions, the Tritium vial will provide consistent illumination, while in daylight, the fiber optics will enhance visibility.
- Practice regularly to become proficient in using the sights for accurate target acquisition.

## Disposal Instructions

- Dispose of the sights in accordance with local regulations regarding electronic waste and materials containing Tritium.

- Do not dispose of the sights in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the TFX Pro Sight Sets, please refer to the manufacturer's website or customer service resources for assistance. Ensure you have your product details available for a more efficient response.

Thank you for choosing TFX Pro Sights. Your safety is our priority.
