Cylinder 12 Gauge OptimaChoke HP Safety Instructions

Introduction

Thank you for choosing the Cylinder 12 Gauge OptimaChoke HP, Extended by Beretta USA. This product is designed to enhance your shooting experience while ensuring safety and compliance with EU regulations. Please read this safety instruction guide carefully before using the product.

General Safety Guidelines

- Always handle the choke tube with care, treating it as a firearm component.
- Ensure that your shotgun is unloaded before installing or removing the choke tube.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Store the choke tube in a safe and secure location, away from children and unauthorized users.
- Regularly inspect the choke tube for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not use steel shot tighter than Modified (MOD) with this choke tube.
- Ensure that the choke tube is properly tightened to avoid any accidents during use.
- Only use the choke tube with compatible shotguns: SV10 Perennia, SV10 Prevail, A350 Xtrema, A400 Family of shotguns, 690, 692, DT11, and UGB25 Sporting.
- Avoid using the choke tube with ammunition that exceeds the manufacturer's specifications.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is pointed in a safe direction and is unloaded.
- Using a choke wrench, unscrew the existing choke tube from the shotgun barrel.
- Align the threads of the Cylinder 12 Gauge OptimaChoke HP with the barrel.
- Handtighten the choke tube into place.
- Use the choke wrench to securely tighten the choke tube, ensuring it is snug but not overtightened.

2. Usage:

- Load your shotgun with appropriate ammunition.
- Always check that the choke tube is secure before firing.
- Follow safe shooting practices, including wearing appropriate eye and ear protection.
- After use, clean the choke tube and shotgun barrel to prevent residue buildup.

Disposal Instructions

- Dispose of the choke tube according to local regulations regarding metal products.
- Do not dispose of the choke tube in regular household waste.
- If the choke tube is damaged or no longer usable, contact a local recycling center for proper disposal options.

Contact Information for Further Support

For any inquiries or support regarding the Cylinder 12 Gauge OptimaChoke HP, please refer to the manufacturer's website for additional resources and contact details.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Cylinder 12 Gauge OptimaChoke HP, Extended by Beretta USA.
