M16/M4 NonRotating Sear Pin Safety Instruction Guide

Introduction

Thank you for choosing the KNS Precision M16/M4 NonRotating Sear Pin. This product is designed to enhance the performance and longevity of your M16/M4 rifle by preventing rotation and wear on the receiver holes. This safety instruction guide provides important information regarding the safe use, installation, and disposal of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you read and understand all safety instructions before using this product.
- Use this product only for its intended purpose as specified in this guide.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the sear pin for wear or damage. If any issues are found, discontinue use immediately.
- In case of any accidents or unsafe product experiences, report them to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the KNS Precision M16/M4 NonRotating Sear Pin with M16/M4 receivers. Using it with incompatible models may lead to malfunctions or injuries.
- Ensure that the firearm is unloaded and the safety is engaged before attempting to install or handle the sear pin.
- Do not attempt to modify or alter the sear pin or its installation process.
- Avoid exposing the sear pin to extreme temperatures or harsh chemicals, as this may affect its integrity and performance.

Instructions for Installation and Usage

1. Preparation:

- Ensure your rifle is unloaded and in a safe condition.
- Gather necessary tools (if any) for the initial setup.

2. Installation:

- Locate the original sear pin on your M16/M4 rifle.
- Remove the original sear pin carefully.
- Insert the KNS Precision NonRotating Sear Pin into the designated hole.
- Ensure the pin locks into place against the takedown pin securely.
- Verify that the installation is complete and that the pin does not rotate.

3. Usage:

- Once installed, the sear pin should function without requiring further adjustments.
- Regularly check the pin for stability and signs of wear during routine maintenance of your firearm.

Disposal Instructions

- Dispose of the KNS Precision M16/M4 NonRotating Sear Pin in accordance with local regulations regarding metal waste.

- Do not dispose of the product in regular household waste. Instead, use designated recycling facilities if available.

Contact Information for Further Support

For any questions or concerns regarding the KNS Precision M16/M4 NonRotating Sear Pin, please reach out to your local distributor or visit the official KNS Precision website for more information. Ensure you have your product details ready for a more efficient response.

Thank you for prioritizing safety and compliance while using the KNS Precision M16/M4 NonRotating Sear Pin. Your commitment to responsible firearm maintenance helps ensure a safer environment for all.
