

# AR-15/MCX PICATINNY STOCK ADAPTERS - KNS PRECISION AR/MCX PICATINNY STOCK ADAPTER WITH FLANGE

[Rifle Parts](#) > [Stock Parts](#) > [Stock Hardware](#) > [Adapter](#)

## An Easy Way to Attach the Ideal Stock

Increasingly, many rifles and AR-style pistols on the market are using AR buffer tubes for stock attachments, allowing consumers to access the incredibly large aftermarket of AR-style buttstocks. However, since these guns do not require the buffer tube for operation, like a standard AR-15, KNS Precision provides its AR-15/MCX Picatinny Stock Adapters as an alternative. This setup allows for the use of folding stocks, enabling owners to shorten the length of their guns. Each KNS Precision AR-15/MCX Picatinny Stock Adapter ships with two separate components, along with a bolt that secures the unit into place. An included adapter plug threads into the buffer socket on an AR's lower receiver, and the Picatinny-rail section attaches to the plug with the included bolt. The all-black unit is machined entirely from aluminum. Three models of the KNS Precision AR-15/MCX Picatinny Stock Adapter are available, one without a flange and two flange-equipped models of different lengths. The flange-equipped versions are designed for firearms that require the use of the takedown pin, detent and spring found on AR-15 lower receivers. Note: this adapter will not allow for functioning on standard-configuration AR-15s that require the use of a buffer and buffer spring.

## Attributes

- Name: [KNS PRECISION AR/MCX PICATINNY STOCK ADAPTER WITH FLANGE](#)
- Manufacturer: [KNS PRECISION](#)
- Product no.: 923000071
- Mfr. No.: N/A
- Finish: Black
- Material: Aluminum
- Weapon type: AR-15
- Delivery weight: 0.006kg
- Shipping height: 38mm
- Shipping width: 133mm
- Shipping length: 235mm
- UPC: 853906008492

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for KNS Precision AR15/MCX Picatinny Stock Adapters

## Introduction

Thank you for choosing the KNS Precision AR15/MCX Picatinny Stock Adapters. This guide provides essential safety instructions to ensure the proper use and handling of your stock adapter. Please read this guide carefully before installation and usage to ensure your safety and the safety of others.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use with AR15 and MCX rifles. Always ensure that you are using the product as intended.
- **Enhanced Recalls:** In the event of a safety issue, be aware that recall notices will be provided. Please follow any instructions provided during a recall.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when handling the product around children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about product safety updates through the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Installation:** Ensure that the adapter is installed correctly as per the instructions provided. Improper installation can lead to accidents or malfunctions.
- **Compatibility:** This adapter is designed specifically for AR15 and MCX platforms. Do not use it with other firearms.
- **Buffer Tube Requirement:** Note that this adapter is not designed for standard configuration AR15s that require a buffer and buffer spring.
- **Folding Stocks:** If using folding stocks, ensure that they are compatible with the adapter and that they are securely locked in place during use.
- **Regular Inspection:** Periodically check the adapter and its components for any signs of wear or damage. Replace any damaged parts immediately.
- **Safe Handling:** Always treat your firearm as if it is loaded. Keep the firearm pointed in a safe direction when installing or adjusting the stock adapter.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and that there is no ammunition present in the vicinity.
- Gather all necessary tools, including the included bolt and adapter plug.

### 2. Installation Steps:

- Remove the existing buffer tube if applicable.
- Thread the adapter plug into the buffer socket on the lower receiver of the AR15 or MCX.
- Align the Picatinny rail section with the adapter plug.
- Use the included bolt to secure the Picatinny rail section to the adapter plug. Ensure it is tightly fastened.

### 3. Using the Adapter:

- Once installed, attach your chosen buttstock to the Picatinny rail.
- If using a folding stock, ensure it is securely locked in the extended position before use.
- Always perform a function check to ensure that the stock operates correctly.

#### **4. PostInstallation:**

- After installation, store any unused components, such as the buffer tube, in a safe place.
- Keep this manual for future reference regarding safety and installation.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the adapter needs to be disposed of, ensure that it is done in a manner that is environmentally friendly. Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For further support or inquiries regarding the KNS Precision AR15/MCX Picatinny Stock Adapters, please refer to the designated contact point associated with this product.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on the proper use and handling of this product.
