

RUGER® MARK II/III™ EXTENDED BOLT RELEASE - EXTENDED BOLT RELEASE, SILVER

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Oversized Thumb Pad For Fast, Positive Operation

Drop-in replacement bolt release has a large, easy-to-find, contact pad with a serrated face ensures fast, positive closing of the action, especially during high-stress competition. Gives the shooter a secure, non-slip grip with or without gloves on. Replaces the factory bolt release on both Mark II and Mark III pistols in minutes. No permanent modifications required. Does not fit 22/45.

RUGER® MARK II/III™ Extended Bolt Release

Safety Instruction Guide

Introduction

Thank you for choosing the RUGER® MARK II/III™ Extended Bolt Release. This product is designed to enhance the functionality of your Mark II and Mark III pistols. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using this product.
- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the bolt release for wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and safety.

Specific Safety Precautions for Use

- This bolt release is a drop-in replacement and should only be installed on RUGER® MARK II and MARK III pistols.
- Do not attempt to use this product with the 22/45 model, as it is not compatible.
- Always wear appropriate eye and ear protection when handling firearms.
- Avoid using the bolt release in wet conditions to prevent slippage.
- Ensure that your hands are clean and dry before using the bolt release for optimal grip.
- If you experience any issues with the bolt release, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Safety First:** Ensure that your firearm is unloaded and pointed in a safe direction.
2. **Remove the Factory Bolt Release:**
 - Locate the factory bolt release on your Mark II or Mark III pistol.
 - Using a small screwdriver, carefully remove the factory bolt release.
3. **Install the Extended Bolt Release:**
 - Take the RUGER® MARK II/III™ Extended Bolt Release and align it with the mounting area.
 - Press it into place until it is securely fitted.
4. **Check Functionality:**
 - Test the bolt release to ensure it operates smoothly and securely.
 - Make sure there is no excessive play or movement.

Usage

- To operate the extended bolt release, simply press the large, serrated contact pad.
- The design allows for easy access and operation with or without gloves.
- Regularly check the bolt release for proper function during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations concerning metal waste.

- If the product is damaged or no longer in use, ensure it is properly recycled or disposed of to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or concerns regarding the RUGER® MARK II/III™ Extended Bolt Release, please refer to your local RUGER® dealer or authorized service center.

By following these guidelines, you can ensure a safe and effective experience with your RUGER® MARK II/III™ Extended Bolt Release. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important safety instructions.
