# Safety Instructions for RUGER® MK II™/MK III™ Mainspring

## Introduction

Thank you for choosing the RUGER® MK II™/MK III™ Mainspring by Volquartsen. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide carefully before using the mainspring. It is essential to follow these guidelines to ensure safe operation and compliance with EU safety regulations.

## General Safety Guidelines

- Always treat firearms and their components as if they are loaded.
- Ensure that you are familiar with the operation of your Ruger® MK II™ or MK III™ before installing the mainspring.
- Store the mainspring and all firearm components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the mainspring and firearm for wear or damage.
- Report any unsafe products or incidents to the relevant authorities immediately.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attempting to install or replace the mainspring.
- Use only the Volquartsen mainspring specifically designed for the Ruger® MK II™ and MK III™ models.
- Avoid using the mainspring if it shows signs of damage or wear.
- Do not attempt to modify or alter the mainspring in any way.
- Always wear appropriate eye protection while handling firearms.
- Keep your fingers clear of the trigger until you are ready to fire.
- Ensure that all safety mechanisms on the firearm are engaged when not in use.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather necessary tools for installation, including a punch and hammer.

### 2. Removing the Old Mainspring

- Remove the grip panels from the firearm.
- Use the punch to carefully drive out the retaining pin holding the old mainspring in place.
- Remove the old mainspring assembly from the firearm.

### 3. Installing the New Mainspring

- Align the new Volquartsen mainspring with the housing in the firearm.
- Insert the mainspring into the housing, ensuring it is seated correctly.
- Replace the retaining pin using the punch and hammer to secure the mainspring in place.
- Reattach the grip panels.

### 4. Final Checks

- Inspect the installation to ensure everything is secure.
- Perform a function check to confirm that the mainspring operates correctly.

## 5. Usage

- Follow standard operating procedures for your Ruger® MK II™ or MK III™ when using the firearm.
- Monitor the performance of the mainspring during use, and stop using the firearm if any issues arise.

## Disposal Instructions

- Dispose of the old mainspring and any packaging materials in accordance with local regulations.
- Do not dispose of the mainspring in regular household waste. Check for local recycling or hazardous waste disposal programs.

## Contact Information for Further Support

For any inquiries regarding the RUGER® MK II™/MK III™ Mainspring or safety concerns, please reach out to your local dealer or manufacturer. Ensure you have the product details ready for a more efficient response.

By following these safety instructions, you will help ensure a safe and enjoyable experience with your RUGER® MK II™/MK III™ Mainspring. Always prioritize safety and responsible firearm handling.
