

FP-10 LUBRICANT - SHOOTERS CHOICE FP-10 LUBRICANT, 4OZ CAN

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Greatly Increases Lubricity

Reduces friction and wear; will not break down, even at temperatures as high as 500° F. Eliminates most malfunctions caused by friction. Greatly increases lubricity between moving parts without developing sticky buildup or changing tolerances.

Safety Instruction Guide for FP10 Lubricant

Introduction

Thank you for choosing FP10 Lubricant by Shooters Choice. This product is designed to reduce friction and wear in various applications, helping to maintain the performance of your equipment. Please read this safety instruction guide carefully to ensure safe use and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe handling and use of FP10 Lubricant by following these guidelines:
 - Always read the product label and instructions before use.
 - Keep the product out of reach of children and vulnerable individuals.
 - Store the lubricant in a cool, dry place away from direct sunlight and heat sources.
 - Avoid contact with skin and eyes. Use protective gloves and eyewear if necessary.
 - In case of accidental contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
 - Do not ingest the product. If swallowed, seek medical attention immediately.
 - Dispose of any unused product or packaging in accordance with local regulations.

Specific Safety Precautions for Use

- When using FP10 Lubricant, please observe the following precautions:
 - Use in wellventilated areas to avoid inhaling vapors.
 - Do not apply the lubricant near open flames or sparks.
 - Avoid using on electrical components unless specified.
 - Ensure surfaces are clean and dry before application.
 - Do not mix with other lubricants or chemicals unless specified by the manufacturer.
 - Keep the container tightly closed when not in use to prevent contamination.

Instructions for Installation and Usage

- Follow these steps for the proper installation and use of FP10 Lubricant:
 1. Shake the container gently before use to ensure even distribution of the lubricant.
 2. Clean the surfaces to be lubricated to remove dirt, dust, and old lubricants.
 3. Apply a small amount of FP10 Lubricant to the moving parts that require lubrication.
 4. Allow the lubricant to penetrate and coat the surfaces adequately.
 5. Wipe off any excess lubricant to prevent buildup.
 6. Regularly check the lubricated parts for wear and reapply as necessary.

Disposal Instructions

- Proper disposal of FP10 Lubricant is essential:
 - Do not dispose of the product in household waste or down the drain.
 - Follow local regulations for hazardous waste disposal.
 - Contact your local waste management authority for guidance on disposal options.

Contact Information for Further Support

- For any inquiries regarding safety or product information, please refer to the contact information provided on the product packaging or the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of FP10 Lubricant while complying with EU General Product Safety Regulations. Thank you for your attention to safety, and enjoy using FP10 Lubricant for your lubrication needs.
