

# AR 308 M4 EXTENSION TUBE XP BUFFER SPRING - SPRINCO USA

## 308 M4 EXTENSION TUBE CS XP BUFFER SPRING IN HARD TUBE

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Extra Extra Power Buffer Spring. The Orange spring is much stouter than the Red spring. The Orange buffer spring was originally engineered for the demands presented by .308 / 6.5 CM / .260 Rem, etc., heavy BCG carbine DPMS Pattern applications using standard 7" Depth M4 extension tubes and short 2.5" buffers (Including aftermarket "heavy buffers") in robustly gassed 16" - 18" ML gas carbine platforms, but has been proven to be a requirement for tuning over gassed carbines of any equivalent heavy calibers in AR-10 pattern tubes with 3.25" buffers or lesser calibers (5.56, etc.).

### Attributes

- Name: [SPRINCO USA 308 M4 EXTENSION TUBE CS XP BUFFER SPRING IN HARD TUBE](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000049
- Mfr. No.: 25762
- Delivery weight: 0.068kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 337mm
- UPC: 657780257621

# Safety Instruction Guide for AR 308 M4 Extension Tube XP Buffer Spring

## Introduction

Thank you for choosing the AR 308 M4 Extension Tube XP Buffer Spring by SPRINCO USA. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using this product.
- Ensure that your firearm is unloaded before installation or maintenance.
- Use safety equipment, such as eye protection, when handling firearms and related components.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the buffer spring for wear and damage; replace it if necessary.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.

## Specific Safety Precautions for Use

- The AR 308 M4 Extension Tube XP Buffer Spring is designed for use in .308 / 6.5 CM / .260 Rem and other heavy caliber firearms. Ensure compatibility before use.
- Do not exceed the recommended specifications for buffer tube depth and buffer length to avoid malfunctions.
- Be cautious when tuning overgassed carbines. Adjustments should be made gradually and with care.
- Always test your firearm in a controlled environment after making modifications to ensure proper function.
- If you experience any unusual behavior from your firearm, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is unloaded and in a safe condition.
- Gather necessary tools, including a wrench and safety glasses.

### 2. Installation Steps

- Remove the existing buffer spring from the buffer tube.
- Inspect the buffer tube and ensure it is clean and free from debris.
- Insert the AR 308 M4 Extension Tube XP Buffer Spring into the buffer tube, ensuring it is seated properly.
- Reinstall the buffer and buffer retaining pin, securing everything in place.

### 3. Usage Instructions

- After installation, perform a function check by cycling the action of your firearm.
- If everything operates smoothly, proceed to use your firearm as intended.
- Monitor the performance of your firearm regularly and make adjustments as necessary.

## Disposal Instructions

- Dispose of the AR 308 M4 Extension Tube XP Buffer Spring in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.
- If the product is damaged or no longer usable, ensure it is disposed of safely to prevent accidental use.

## Contact Information for Further Support

For additional support or inquiries regarding the AR 308 M4 Extension Tube XP Buffer Spring, please refer to the manufacturer's website or authorized dealer. It is important to ensure that you have access to assistance should you need it.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your AR 308 M4 Extension Tube XP Buffer Spring. Always prioritize safety and seek professional assistance when needed. Thank you for your attention to these important details.
