

AR-15 EXTRACTOR INSERTS & O-RINGS MIL-SPEC - SPRINCO USA

BLACK EXTRACTOR INSERT & VITON O-RING

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractor Springs](#)

Sprinco supplied inserts and O-rings to OEM clients for years. After failing to locate a supplier for true “Mil-Spec” components of consistent quality, they sought out top tier injection molding vendors, bought their own molds, and now supply their proprietary solutions that not only meet, but exceed the true current Mil-Spec performance requirements at a great price. Don’t be short changed by US Commercial Grade hardware store or foreign imports of questionable heritage and/or compromised material composition. Everything Sprinco supplies is Made in the USA from superior grade base materials. Black Extractor Spring Inserts per MIL-PRF-6855-REV G Viton CRANE O-Rings per MIL-R-83248C

AR15 Extractor Inserts & ORings Safety Instruction Guide

Introduction

Thank you for purchasing the AR15 Extractor Inserts & ORings from SPRINCO USA. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before use and retain it for future reference.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the product for any visible damage or defects before use.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the AR15 Extractor Inserts & ORings are compatible with your specific firearm model.
- Use only the recommended tools and techniques for installation.
- Avoid using excessive force during installation to prevent damage to the product or the firearm.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Do not modify or alter the product in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a punch tool and a hammer.
- Ensure the firearm is unloaded and safe to work on.

2. Installation of Extractor Inserts

- Remove the existing extractor from the firearm according to the manufacturer's instructions.
- Carefully insert the new extractor insert into the extractor housing.
- Ensure it is seated properly and securely.

3. Installation of ORings

- Place the Viton ORing onto the extractor insert.
- Ensure that the ORing is positioned correctly and is free from twists or kinks.

4. Reassembly

- Reattach the extractor to the firearm.
- Follow the manufacturer's guidelines for reassembly and ensure all components are secure.

5. Testing

- Once installed, conduct a function check of the firearm to ensure proper operation.
- If any issues arise, consult a qualified gunsmith for assistance.

Disposal Instructions

- Dispose of any unused or damaged products in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling or hazardous waste disposal options.

Contact Information for Further Support

For any inquiries or further assistance regarding the AR15 Extractor Inserts & ORings, please refer to the manufacturer's website or contact their customer support. It is important to have access to support for any safety concerns or productrelated questions.

Please remember to always follow safety guidelines and instructions to ensure safe handling and usage of the AR15 Extractor Inserts & ORings. Your safety is our priority.
