

AR-15 EXTRACTOR INSERTS & O-RINGS MIL-SPEC - SPRINCO USA

TRIPLE BLACK EXTRACTOR INSERT & VITON O-RING 3 PK

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractor Springs](#)

Sprinco supplied inserts and O-rings to OEM clients for years. After failing to locate a supplier for true “Mil-Spec” components of consistent quality, they sought out top tier injection molding vendors, bought their own molds, and now supply their proprietary solutions that not only meet, but exceed the true current Mil-Spec performance requirements at a great price. Don’t be short changed by US Commercial Grade hardware store or foreign imports of questionable heritage and/or compromised material composition. Everything Sprinco supplies is Made in the USA from superior grade base materials. Black Extractor Spring Inserts per MIL-PRF-6855-REV G Viton CRANE O-Rings per MIL-R-83248C

Safety Instruction Guide for AR15 Extractor Inserts & ORings

Introduction

Thank you for choosing the AR15 Extractor Inserts & ORings by Sprinco USA. This product is designed to enhance the performance and reliability of your firearm. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding safety, installation, usage, and disposal.

General Safety Guidelines

- Ensure that you understand the basic operation and safety protocols of your firearm before using this product.
- Always handle firearms with care and follow the manufacturer's instructions for safe operation.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the extractor inserts and Orings for signs of wear or damage.
- If you experience any issues with the product, cease use immediately and consult a qualified gunsmith or professional.

Specific Safety Precautions for Use

- Use only with compatible AR15 models as specified by the manufacturer.
- Do not use the product if it appears damaged or defective.
- Avoid exposing the product to extreme temperatures or harsh chemicals that may compromise its integrity.
- Ensure that all components are properly installed before using your firearm.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing extractor insert and Oring from the firearm.
3. Clean the area where the new extractor insert and Oring will be installed to remove any debris or residue.
4. Carefully insert the new extractor insert into the extractor assembly.
5. Place the new Oring onto the extractor insert, ensuring it is seated properly.
6. Reassemble any components that were removed during installation.
7. Conduct a function check to ensure proper installation.

Usage

- Regularly check the functionality of the extractor inserts and Orings during routine maintenance.
- Follow the manufacturer's guidelines for the care and maintenance of your firearm.
- Store your firearm and its components in a secure location when not in use.

Disposal Instructions

- Dispose of any damaged or worn extractor inserts and Orings in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the contact information provided by the retailer or manufacturer from whom you purchased the product.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the AR15 Extractor Inserts & ORings. Always prioritize safety when handling firearms and stay informed about product recalls and safety updates through official channels. Thank you for your commitment to responsible firearm ownership.
