

AR-15 EXTRACTOR INSERTS & O-RINGS MIL-SPEC - SPRINCO USA

LUCKY 13 BLACK EXTRACTOR INSERT & VITON O-RING 13 PK

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractor Springs](#)

Sprinco supplied inserts and O-rings to OEM clients for years. After failing to locate a supplier for true “Mil-Spec” components of consistent quality, they sought out top tier injection molding vendors, bought their own molds, and now supply their proprietary solutions that not only meet, but exceed the true current Mil-Spec performance requirements at a great price. Don’t be short changed by US Commercial Grade hardware store or foreign imports of questionable heritage and/or compromised material composition. Everything Sprinco supplies is Made in the USA from superior grade base materials. Black Extractor Spring Inserts per MIL-PRF-6855-REV G Viton CRANE O-Rings per MIL-R-83248C

Safety Instructions for AR15 Extractor Inserts & ORings

Introduction

Thank you for choosing the AR15 Extractor Inserts & ORings, manufactured by Sprinco USA. This product is designed to meet and exceed military specifications for performance and safety. In order to ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always inspect the product for any visible damage or defects before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and pets.
- Follow all local laws and regulations regarding the use of firearm accessories.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only MilSpec components compatible with your AR15 platform.
- Avoid using products from unknown or unverified sources, as they may not meet safety standards.
- Do not modify the extractor inserts or Orings, as this may compromise their integrity and performance.
- Wear appropriate safety gear, such as eye protection, when handling firearms and related components.
- Ensure that the firearm is unloaded before installing or replacing any components.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools for installation.

2. Installation of Extractor Inserts:

- Remove the existing extractor from the bolt assembly.
- Carefully remove the old extractor insert and Oring.
- Install the new extractor insert and Oring from the Sprinco package, ensuring they are seated properly.
- Reinstall the extractor onto the bolt assembly securely.

3. Usage:

- Regularly check the condition of the extractor insert and Oring during routine maintenance.
- Replace the extractor insert and Oring as needed to maintain optimal performance.

4. PostInstallation Checks:

- After installation, perform a function check on the firearm to ensure proper operation.
- If any issues arise, consult a qualified gunsmith for assistance.

Disposal Instructions

- Dispose of any old or defective extractor inserts and Orings in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it is deemed hazardous.

Contact Information for Further Support

For any questions or concerns regarding the AR15 Extractor Inserts & ORings, please refer to the manufacturer's website or contact your local retailer for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
