1911 Progressive Recoil Spring Safety Instruction Guide

Introduction

Thank you for choosing the 1911 Progressive Recoil Spring by SPRINCO USA. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read through this document carefully before using the recoil spring.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always handle the recoil spring with care, as improper handling may lead to injury or damage.
- Ensure that the recoil spring is appropriate for your specific model of 1911 Auto. The 1911 Progressive Recoil Spring is designed for Government models.
- Regularly inspect the recoil spring for any signs of wear or damage. If you notice any issues, discontinue use and replace the spring.
- Store the recoil spring in a cool, dry place away from direct sunlight to maintain its integrity.
- Keep the recoil spring out of reach of children and vulnerable individuals to prevent accidental injury.

Specific Safety Precautions for Use

When using the 1911 Progressive Recoil Spring, please follow these specific safety precautions:

- Ensure that the firearm is unloaded before installing or handling the recoil spring.
- Always wear appropriate safety gear, such as eye protection, when working with firearms.
- Do not modify or alter the recoil spring in any way, as this may compromise its performance and safety.
- Be aware of the recoil spring's cycling range of 50,000 cycles and monitor its performance regularly.
- If you experience any unusual behavior from your firearm while using this recoil spring, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the 1911 Progressive Recoil Spring:

1. Preparation

- Ensure that your workspace is clean and free of distractions.
- Gather necessary tools, including a punch tool and a hammer.

2. Installation

- Make sure the firearm is completely unloaded.
- Remove the slide from the frame of the 1911 Auto.
- Take out the old recoil spring and guide rod.
- Insert the new 1911 Progressive Recoil Spring onto the guide rod.
- Reassemble the slide onto the frame, ensuring that the recoil spring is seated properly.
- Perform a function check to ensure everything operates correctly.

3. Usage

- Use the firearm in accordance with all relevant laws and regulations.
- Regularly clean and maintain both the firearm and the recoil spring to ensure optimal

performance.

Disposal Instructions

When it comes time to dispose of the recoil spring, please follow these guidelines:

- Do not dispose of the recoil spring in regular household waste.
- Check local regulations regarding the disposal of metal products and follow them accordingly.
- Consider recycling the recoil spring if possible.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Progressive Recoil Spring, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of the 1911 Progressive Recoil Spring. Always prioritize safety and remain informed about best practices when handling firearms. Thank you for your attention to these important details, and enjoy your enhanced shooting experience.
