

SURE-GRIP RINGS - 1" HIGH MATTE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Give Uniform High-Strength Clamping Power

Steel caps with two screws per side provide extra strong, 4-screw, clamping power. Helps ensure that reticle stays square while tightening top screws. Large clamp nut locks rings to base, provides easy scope installation, removal; and accurate return to zero after re-installation.

SUREGRIP RINGS 1" HIGH MATTE RINGS Safety Instruction Guide

Introduction

Thank you for choosing the SUREGRIP RINGS 1" HIGH MATTE RINGS. Designed for durability and reliability, these scope rings provide a secure mounting solution for your optical equipment. This safety instruction guide aims to ensure the safe use and installation of your product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is suitable for your specific scope and mounting needs.
- Inspect the product for any damage or defects before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for your scope and rings.
- Ensure that all screws are properly tightened to avoid loosening during use.
- Avoid using the rings in extreme temperatures or harsh environmental conditions.
- Do not modify the product in any way, as this may compromise safety and performance.
- Use appropriate tools when installing or adjusting the rings to prevent injury.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools: a screwdriver compatible with the screws provided.
- Ensure you have a clean, stable work surface to perform the installation.

2. Installation Steps

- **Step 1:** Align the SUREGRIP RINGS with the base of your scope.
- **Step 2:** Insert the scope tube into the rings, ensuring it is centered.
- **Step 3:** Place the steel caps over the scope tube.
- **Step 4:** Secure the rings to the base using the provided screws:
 - Tighten the screws on both sides evenly to maintain alignment.
 - Ensure the clamp nut locks the rings firmly in place.
- **Step 5:** Once installed, check that the reticle remains square while tightening the top screws.

3. Usage

- After installation, perform a test to ensure that the scope returns to zero accurately after removal and reinstallation.
- Regularly check the tightness of the screws and overall condition of the rings during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and electronic waste.
- Do not dispose of the product in household waste.
- Consider recycling options to minimize environmental impact.

Contact Information for Further Support

For safety inquiries or support regarding the SUREGRIP RINGS 1" HIGH MATTE RINGS, please consult the manufacturer's official website or customer service resources.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your new scope rings and the enhanced performance they provide!
