

# BALLPEEN HAMMER - BROWNELLS BALLPEEN HAMMER MODEL HP12, 12OZ (340.2 GRAMS)

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Hammers](#)

## Superb Balance; Fiberglass Handles

**BALLPEEN HAMMER** The Brownells Ballpeen Hammer is a durable and versatile tool designed for gunsmiths and firearm enthusiasts, providing reliable performance for various tasks. Key Features: **Hardened Steel Head:** Ensures durability and longevity, capable of withstanding repeated use without deformation. **Fiberglass Shank:** Offers strength and resilience, reducing the risk of breakage compared to traditional wooden handles. **Cushioned Rubber Grip:** Provides a comfortable and secure hold, enhancing control and reducing user fatigue during extended use. **Half-Round 'Ballpeen':** Allows for precise peening and shaping tasks, essential for detailed gunsmithing work. This hammer is available in different weights to suit various applications, ensuring you have the appropriate tool for your specific needs. Customer reviews highlight the hammer's balance and ergonomic design, noting its effectiveness in performing precise work without causing damage to firearm components. In summary, the Brownells Ballpeen Hammer combines quality materials with thoughtful design, making it an essential addition to any gunsmith's toolkit.

# Brownells Ballpeen Hammer Safety Instruction Guide

## Introduction

Thank you for choosing the Brownells Ballpeen Hammer. This versatile tool is designed to meet the needs of gunsmiths and firearm enthusiasts. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the hammer for its intended purpose.
- Inspect the hammer before each use for any signs of damage.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the hammer.
- Store the hammer in a dry, secure place away from children and pets.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hardened Steel Head:**
  - Ensure that the head is not chipped or cracked before use.
  - Avoid striking hard surfaces that may cause the head to shatter.
- **Fiberglass Shank:**
  - Do not use the hammer if the shank is damaged or splintered.
  - Ensure a firm grip on the shank to prevent slippage during use.
- **Cushioned Rubber Grip:**
  - Keep the grip clean and free from oil or debris to maintain a secure hold.
  - Replace the hammer if the grip shows excessive wear or damage.
- **HalfRound 'Ballpeen':**
  - Use the correct side of the hammer for specific peening and shaping tasks.
  - Avoid using excessive force that may lead to loss of control.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have a clean and stable work surface.
- Gather all necessary tools and materials before starting your task.

### 2. Using the Hammer:

- Hold the hammer by the cushioned rubber grip with a firm hand.
- Position the item you are working on securely on a stable surface.
- Use the ballpeen side for peening and shaping metal parts as needed.
- Strike with controlled force to prevent damage to the item or injury to yourself.

### **3. After Use:**

- Clean the hammer to remove any debris or residue.
- Store the hammer in a protective case or designated storage area.

## **Disposal Instructions**

- Dispose of the hammer responsibly at a local waste disposal facility.
- If the hammer is damaged beyond repair, ensure it is disposed of in a manner that prevents injury to others.
- Check local regulations for any specific disposal requirements.

## **Contact Information for Further Support**

For any inquiries regarding safety or product concerns, please refer to the relevant EU contact points or official websites.

By following these guidelines, you can ensure the safe and effective use of the Brownells Ballpeen Hammer. Thank you for your attention to safety!
